DEFINITE STEPS TO STOP THE SALE OF LIQUOR ON U. S. SHIPS

Cong. Bankhead Moves to Amend Merchant Marine Bill—Attorney General Daugherty to Be Asked for New Ruling—Sales to Continue, Says Lasker

WASHINGTON, June 15.—Definite steps through legislation to stop the sale of liquor upon American ships, were started today through presentation by Representative Bankhead, Democrat, Alabama, of an amendment to the merchant marine bill which would cut off government aid provided in the measure from any ship carrying intoxicating liquors or beverages.

Attorney General Daugherty will be asked for a new ruling on the question of the sale of liquor on shipping board vessels, it was indicated today at the treasury.

Sales to Continue.

WASHINGTON, June 15.—With chairman Lasker adhering to his stand that the sale of liquor on shipping board ships at sea will continue until "he has been convinced of its illegality" any action in the matter was left today to prohibition officials.

While the correspondence exchange in the subject between Mr. Lasker and Adolphus Busch III, vice president of Anheuser-Busch Brewery Co., St. Louis, continued to provoke discussion, it was reported that the first move to stop the sale of liquor on American vessels would be an attempt to secure an amendment to the ship subsidy bill before the merchant marine committee. It was rumored that this probably would be made today, although its defeat, there was generally predicted.

That the issue would have to be met when the subsidy bill is taken up in the house, however, was said by friends of the measure to seem certain.

Representative Upshaw, Democrat, Georgia, has publicly announced that he will offer an amendment providing that no part of the federal subsidy fund shall be used by steamship lines on whose ships liquor is sold.

BIG DEMONSTRATION AT LAWRENCE MILL—FIVE PERSONS ARRESTED

Stones Hurlled at City Marshal as He Was Arresting Man—Large Number of Pickets Since Beginning of Strike Assembled at Pacific Print Works

LAWRENCE, June 15.—Five arrests were made at the Pacific print works this morning during a demonstration by pickets aimed at a few who are said to have been going to the plant to work. Mill officials estimated the number of pickets as the largest of the entire strike thus far. Two men were

SERVICE BOARD VIEWS STREETS

The board of public service and city engineer left city hall this afternoon 2 o'clock to view 31 locations covered by petitions for street improvements, sewer extensions and street appliances, upon which hearings will be given tonight at 7.30 o'clock.

The most important hearing scheduled is that in connection with the proposal advanced by residents of Northville that the city acquire land on road street, on the Highlands route, and having followed a plan for enlarging Varnum park. Houses and other buildings now on this property will be moved back to allow for the widening of the street and the petitioners seek to have the land purchased or taken, saying that it will cost the city any more than it will have the buildings thereon moved back and relocated.

ASSENGERS WILL HAVE TO TRANSFER

Beginning tomorrow, the Massachusetts Street Railway Co. will suspend temporarily the operation of cars on road street, on the Highlands route, as the city is to begin the construction of new street there, and the railway company will put in new rails. In the meantime, passengers will have to transfer from Westford to Liberty street.

GAVE TWO-ACT COMEDY.

Members of the First Baptist church of this city, who some time ago made a hit with the presentation of a two-act comedy "Fine Buns," in a vestry of their church, repeated a sketch at the North Tewksbury Baptist church, last evening. The act was given under the personal direction of Miss Ethel Stewart Johnson, who is especially qualified for such work, having graduated from Curry's school of expression in Boston, and having followed a special course in missionary educational amusements at Ocean Park. There was large attendance at the performance and the audience highly appreciated the play. The proceeds of the evening will be utilized in sending delegates to the Northfield conference.

Saco-Lowell Shops Will Tear Down All Tenement Property Between Dutton and Worthen Streets.

Contemplated Expansion Will Cover Big Area—Plans to Be Outlined to City Council This Evening—Company Will Seek Permission to Close Kitson Street and Part of Worthen Street

In order that it may have an opportunity for a natural expansion of its business on land in the immediate neighborhood in which it has carried on the manufacture of textile machinery for many years, the Saco-Lowell shops will petition the city for permission to close Worthen street, from Broadway to the canal bridge and Kitson street, from Dutton to Worthen streets, with the idea of eventually taking it over as a usable part of the present plant.

The idea will be outlined to the city council tonight in a formal communication from William H. Goldsmith, Jr., local agent, setting forth the plan the company has in mind for the development of the area in question and petitioning for the right to close Worthen and Kitson streets for the distances above mentioned.

The possible scope of the proposition is difficult to determine, for it is practically limitless. Easily, the plan, if it is carried through to its natural conclusion, embraces one of the biggest and most comprehensive manufacturing developments the city has experienced in years.

As was explained at the office of the plant today, the executive officers of the company are planning to expand their business to include the manufacture of textile machinery, and the plan is to take over the area between Dutton and Worthen streets, from Broadway to the canal bridge and Kitson street, from Dutton to Worthen streets, with the idea of eventually taking it over as a usable part of the present plant.

Dispute Over Quart of Whiskey Started Riot on Board Steamer

400 Excursionists Took Part—One Man Killed and a Score Injured

WASHINGTON, June 15.—Dispute over a quart of whiskey was said to have started the riot on a steamer plying between Washington and a Potomac river resort last night in which 400 excursionists took part and one man was killed and a score injured, one probably fatally before the disorder ended when one of the contending factions left the vessel at Alexandria, Va.

"Pop" bottles and knives inflicted most of the injuries. A number of arrests were made by police who met the steamer on its return here and also at Alexandria.

CLASS DAY AT LOWELL NORMAL SCHOOL

Students of the Lowell Normal school who are members of the 1922 graduating class held their annual class day in the school grounds on Broadway this afternoon, beginning at 1.45.

The customary ceremony of planting of the ivy, always one of the most significant features of commencement week, had to be postponed because of the rain. The ceremony will be held tomorrow forenoon, before the graduation exercises take place.

Other features of the day were the class banquet and the prophetic history, statistics and knocks given by

CITY COUNCIL WILL INVESTIGATE MAYOR'S PURCHASE OF CAR

Pres. Bagley Instructs City Messenger to Notify Purchasing Agent Foye to Attend Tonight's Meeting—Councilor McPadden to Introduce Order Asking Mayor to Advise Council If Cost of Packard Has Been Charged to General Expense Appropriation

Dr. Patrick J. Bagley, president of the city council, today asked City Messenger Owen Monahan to notify City Purchasing Agent Edward H. Foye to attend tonight's meeting of the council in connection with some investigation the president intends to make of the recent purchase of the Packard touring car by Mayor Brown.

Also, at the meeting, Councilor John J. McPadden will introduce an order, asking the mayor to advise the council to what appropriation the purchase of the machine is charged.

In discussing his order today, Councilor McPadden said that he understands that the cost of the car has been charged to the general expense appropriation and he questions whether any money can be taken from this fund without an order or a resolution first passed by the city council.

"I understand that the mayor has purchased this car and has charged the cost of it against the general expense fund. If so, I would like to know on what basis he figures that the cost of the car is to be paid from the general expense fund."

"My interpretation of the charter is that department heads have control of expenditures of their respective departments. The mayor has charge of the expenditures of his own department and nothing else. The general expense fund is to provide incidental appropriations that cannot be properly applied to any particular department. That being the case, the mayor has no more control of the expenditures from this fund than an individual member of the city council."

"No money can be appropriated or taken from this fund without an order or resolution first passed by the mayor," continued Mr. McPadden. "It would be just as reasonable for an individual member of the city council to incur a liability against this fund as it is for the mayor to do so on his own initiative. Perhaps the mayor can explain satisfactorily and I am interested to learn his explanation."

Following is the order that Councilor McPadden will introduce:

"In accordance with section 27 of the charter the mayor is hereby requested to furnish to the city council at its next meeting all information in relation to the alleged purchase by him of a new Packard touring car and to incur a liability against the city from this fund, without a vote first having been passed by the city council authorizing such expenditure from said fund."

Federal Agents Seize Five Alleged Rum-Running Ships Off Coast

NEW YORK, June 15.—Five alleged rum-running vessels, plying between a steamer anchored in Narragansett Bay and American coast have been seized by federal agents, United States Attorney Haywood announced today. The seized vessels were the Ocean going tugs H. S. Lockwood and Kentucky and the barges City of Malden, City of Boston and Lermond. The tugs were seized in the harbor here. The Lermond was taken at New Bedford, Mass., and the other two barges at New London, Conn.

Says Bootlegging Charge Justified

WASHINGTON, June 15.—Continuation of the policy of selling liquor aboard American ships "justifies the charge that Uncle Sam is engaged in bootlegging," Representative Cooper, Republican, Ohio, declared today in a statement announcing he would support an amendment to the ship subsidy bill to stop it.

Ward Indicted For Murder of Peters

WHITE PLAINS, N. Y., June 15.—Walter S. Ward, millionaire baker's son, today was indicted by the Westchester county grand jury on a charge of killing Clarence Peters, ex-sailor, last May. Soon after the incident was handed up, deputy sheriffs were despatched to Ward's home in New Rochelle to place him under arrest. He has been at liberty on \$50,000 bonds.

EXCELLENT PROGRAM

Large Audience Enjoys Annual Entertainment by St. Patrick's Boys' School

Before an audience that taxed the theatre to its capacity, the 10th annual entertainment of St. Patrick's Boys' School was given last night, under the direction of the avian brothers. The various numbers were pleasingly rendered by the young men, who justly merited the applause of the large and appreciative audience.

The first part of the program consisted of drills, songs and recitations; and the second part was devoted to a one-act play entitled, "The Harvest Home."

An orchestra, composed of members of the alumni of the school, opened the program with an overture, which was followed by several numbers by the sanctuary choir, given in its customary style.

A drill by the boys of the fifth grade as the third number and led by John Cox they went through several intricate movements, ending with a song at the footlights. Their costumes of khaki with green ties made pretty spectacle to watch.

The sixth grade pupils entertained with a comic dancing exhibition, dressed in the costume of the sons of China, pig tails and all, their performance was admirably given.

A recitation, "The Irish at Fontenoy," was the offering of the ninth grade boys, the expression, gestures and enunciation being worthy of special mention.

The next number was a soldier and sailor impersonation by the members of the seventh grade, led by Daniel

Courtney and Timothy Sheehan. This was followed by a song, "Mickey O'Neil," by the members of the eighth grade, with George O'Loughlin and Francis Cronin in the leading roles.

The singing of the "Star Spangled Banner" concluded the first half of the program. This was given by the eighth grade boys.

After a short intermission, the second part of the program began. The one-act play, "The Harvest Home," was exceptionally well given by the young actors and showed the result of long hours of rehearsal and practice.

The cast of characters was as follows: John Garner (an honest English farmer).....Francis T. Dean
Dick Darcy (a young farmer, disesteemed and unscrupulous).....Samuel Lexicon (writing a new dictionary).....John P. O'Garra
Andrew Radford (celebrity at a banking house).....Arthur E. Brennan
Michael Radford (brother to Andrew and in the service of John Garner).....Walter D. Hyde
Charles Cooper, Nat Lowell (two types of a questionable character).....Bertram J. Rousseau, James A. Moran.

The program committee was made up of the following: John O'Garra, chairman; Charles Marshall, secretary; Patrick Creegan, Henry Donahue, Anthony Finn, Walter Judge, Edward Killen, Edward Regan, Dennis Shanahan, Alfred Welcome, Matthew Noon.

The members of the commercial class of 1922 as announced in last night's program are:

John Francis Adams, Arthur D. Ashe, Thomas A. Collins, Francis Creegan, Francis Thomas Dean, James Michael Dolan, Henry Charles Donahue, Anthony Bernard Finn, Henry Joseph Gould, Walter Daniel Hyde, Walter Edward Judge, Edward Patrick Killen, Charles Henry Marshall, James Anthony Moran, Matthew John Noon, John Francis O'Garra, John Francis O'Neill, Edward Joseph Regan, John Bertram Rousseau, Dennis Joseph Shanahan, Alfred Francis Welcome, Thomas Augustine Leavitt.

Those in the first year high school class are: John H. Ashe, Timothy E. Ashe, Thomas A. Collins, Francis Creegan, Patrick Creegan, Daniel F. Downs, Lawrence M. Gallagher, William J. Gould, R. E. Hannafin, Cornelius E. Harrington, Owen J. Healey, John E. Hunt, Leo P. Mann, John A. McGrath, Raymond J. McKenna, Timothy E. Noonan, Edward J. O'Brien, Patrick J. O'Connor, Jeremiah J. O'Leary,

George H. Pags, Arthur J. Quinn, Edward T. Ralls, John F. Ryan, Thomas J. Sullivan.

The following names were on the roll of honor list for perfect attendance: John Ashe, Timothy Ashe, Francis Alkano, Anthony Bourassa, Raymond Broderick, James Brogan, John Copley, Thomas Collier, Lawrence Cavanaugh, Edward Dalton, Francis A. THE CLASS ODE

Farewell, we are saying to one and all
As our days of departure draw nigh;
Our school days are over and we forward must go
With our courage and banners flung high.
Chorus—
Then forward together we go in a band
To stand for the truth and the right.
For the Normal school's with us where ever we may go,
And we'll strive to be worthy, with night.
Our hours have been happy within the dear walls,
And we leave with regrets and with sighs;
But we're called to our tasks and we forward must go
To serve with the honor we prize.

Words and Music by BEULAH H. LINSOTT.

Local Plant Plans

Big Expansion

Continued

The company have no definite scheme of development in mind, for it has been felt that such was possible until the land necessary actually was ready for consideration.

"It may be one month, it may be six months, or it may be several years before this new area is developed to its capacity," said Mr. Goldsmith, "but the fact that the land will be in readiness, might persuade the company to expedite matters more than would be possible if the land were not available."

He added that in all probability, if permission is secured to close the two streets, the job of removing the standing property would get under way very soon and once the land was cleared it would be at once used for storage.

It is not the plan of the Saco-Lowell company to tear down or remove the tenement property now in the area and to immediately erect a manufacturing plant on the site, but rather, it is the idea of the corporation to avail itself of land it now owns and may have occasion to use for economic purposes, because so great as to warrant and demand expansion.

For years, the Saco-Lowell shops have manufactured local machinery in a more or less limited and with no elasticity possible within its plant as laid out on the easterly side of Dutton street. To be sure, the Kilton shop on the other side of the street belongs to the same corporation but that too, has been enlarged to the limit.

Particularly during the past 18 months the Saco-Lowell company has broadened the scope of its manufacturing by assuming the production of two or three important integral parts of machinery being made. For instance, fliers that formerly were made in England, now are being manufactured here in a building erected near the foundry on Jackson street and employing to approximately 200 hands.

The old Sawyer Carriage Co. building in Worthen street also has been acquired and at present thread boards are being turned out there that in the past have been manufactured outside of the city. Land has been hired for storage and more and more

the company has come to believe that unless available land in the immediate vicinity of the shop is secured, further expansion not only would constitute a problem, but, in reality, would be extremely difficult, if not quite impossible.

It was with this idea in mind, therefore, that the decision was made to seek the city's co-operation in the plan to acquire the entire area bounded by Dutton, Kilton and Broadway streets and the vicinity of the Locks and Canals to the north.

As Mr. Goldsmith today pointed out, the company is the sole abutter to the streets that it desires closed, and this fact alone, he believes, removes a most important barrier to the feasibility of the plan.

Twenty feet on the westerly side of Worthen street and 22 feet on the easterly side adjacent to the canal bridge is property of the Locks & Canals.

"If the company did not own all the land that abuts on these streets," said Mr. Goldsmith, "I hardly think the plan would have been considered, nor would it have been considered if one or both of the streets to be closed constituted main arteries of travel for vehicular traffic. As it stands today, it is felt that Dutton street carries the peak of travel in that immediate vicinity and that, therefore, no real hardship would result if both Worthen and Kilton streets were closed."

If the city should look with favor upon the plan and allow the petitioner his request, it is not possible to say just how soon the company would proceed with the development of the idea. At the present time, however, the main yard of the plant in Dutton street is being used almost to the limit of its capacity for the storage of lumber. Not only is this considered a fire hazard within the gates of the plant, but it is not possible to remove it until such a time as other land is available.

As to the property now on the land it is hoped to develop, it is taken up by brick and wooden tenement blocks, housing about 75 families. In its plans for expansion the company also has in mind properly caring for these people, all of whom are employees of the company. In fact, figures have been received on a proposition to move the material of the buildings for erection elsewhere.

FRANCIS O'DAY

ELECTED CAPTAIN

Francis O'Day, a member of the junior class, today was elected captain of the high school baseball team for 1922. O'Day was a member of the position on the club for the past three years. An operation kept him out of the lineup during several games this season, but when he did return, Coach Donahue shifted him over to first base, a position for which he seemed to be well fitted.

MATRIMONIAL

Miss Josephine Manning, daughter of Mrs. Mary Manning, of 333 Broadway, and Mr. Thomas Keefe, well known and popular young man, were united in marriage at St. Patrick's church residence yesterday afternoon at 5 o'clock by Rev. James A. Supple, D.D. The bride was attended by her cousin, Miss Nora Manning, and the best man was Thomas Keefe, a cousin of the groom. The bride was attired in a long gown of white tulle with lace and pearls, and a veil caught up with lilies of the valley. She carried a shower bouquet of bridal roses. The bridesmaid wore a gown of periwinkle blue, trimmed with pearls, and carried pink roses. The groom's gift to the bride was a pair of gold cuff links and the bride presented the bridesmaid with a silver mesh bag. After the ceremony a wedding supper was given at the home of the bride, with Rev. Charles Barry, O.M.I., who recently sang his first high mass in St. Patrick's church as guest of honor. Present at the supper were relatives and friends from Boston, Roxbury and Springfield. Throughout the evening the many friends of the couple tendered them a reception, and they left for a wedding trip which will include visits to Springfield and Stamford, Conn., at 2.30, with a large crowd present at the station to bid them good luck. On their return about July 1 they will reside at 333 Broadway.

Sherburne-Bixby

The marriage of Mr. Harry M. Sherburne and Mrs. Elizabeth Dixby took place yesterday afternoon at the parish of the Holy Trinity Congregational church, the officiating clergyman being Rev. A. G. Lyon. The witnesses were Mr. and Mrs. Harry Priestly. The couple will make their home in Wilder street.

Pierce-Peters

Mr. George F. Pierce and Miss Mary H. Peters were married yesterday afternoon at St. Michael's rectory, the ceremony being performed at 3 o'clock by Rev. James Lynch. The bride wore white cotton crepe with hat to match and carried pink roses. She was attended by Miss Anna Flannery, who was attired in blue cotton crepe and carried sweet peas. The best man was Mr. Mark Flannery. After the ceremony the couple left on an extended honeymoon trip and upon their return they will make their home in Fletcher street.

Summer Training Camps Opened Today

WASHINGTON, June 15.—Summer training camps were opened everywhere over the country today, under army supervision for youths of the reserve officers' training corps, part of the machinery of the new defensive military policy set up in the National Defense act of 1920. The corps now includes approximately 100,000 young men under training to become members of the officers' reserve corps or officers of the National Guard and of these it is estimated that 7314 began today the summer work of intensive field training at the camps which is counted on to round out their classroom and other military work at schools and colleges.

Mlle. Lenglen to Defend Title

PARIS, June 15.—(By the Associated Press)—Mlle. Suzanne Lenglen, French tennis star, after consulting a heart specialist, has decided to overrule her father's edict, and announces that she will defend her world's singles title in the Wimbledon tournament. She will also play through the doubles and mixed doubles. "It is my most earnest desire to meet Mrs. Mallory again," were the first words uttered by Mlle. Lenglen upon her arrival from Dieppe, where she underwent an examination by Prof. Caron.

Golden Myth Wins Gold Cup Race

ASCOT HEATH, England, June 15.—(By the Associated Press)—Golden Myth, by Fredennis, out of Golden Lily, won the Gold Cup, run over a course of two and one half miles here today. Flamboyant was second, and Ballyheron third. Ten horses ran. King's Idler, ridden by Archibald, the American jockey, was unplaced.

GUILFORD AND QUIMET MEET BRITISH VETERANS

NEW YORK, June 15.—Two of the best known American amateur golfers, National Champion Jesse Guilford and former Champion Francis Quimet, both of Massachusetts, will meet the crack British professional veterans, Sandy Herd and J. H. Taylor, in the first match of an exhibition tour of the United States this summer. The Arcola, N. J., Country club announced today that it had booked the event but the date is as yet indefinite, depending on the date the Englishmen depart for this country.

GAINED WEIGHT AND STRENGTH

Women of middle age need a tonic and the experience of Mrs. J. D. Reynolds, of No. 14 Fonda Avenue, Orono, N. Y., will be valuable to others who suffer as she did. Mrs. Reynolds says: "I think I overtaxed my strength for I became weak and tired. I had no appetite to speak of. I worried a lot and my digestion was disturbed. My stomach was sour and gave me no pain. I also had rheumatic pains in the shoulders, hips and right knee. "After I had taken several medicines with but slight benefit I read about Dr. Williams' Pink Pills and tried them. After the first box I noticed that I was gaining in strength and had more color. This encouraged me to keep on. I gained weight and soon the pain was all gone and I no longer had the stomach trouble. I can recommend Dr. Williams' Pink Pills highly as they surely helped me greatly."

THE LOWELL MISSION
William R. Williamson, president, has received news that Rev. Jacob W. Powell, D. D., has been again re-appointed pastor of the Lowell Mission of the A.M.E. Zion church, and will meet all who are interested as members or friends of said mission at No. 10 Bleachery street at 7 o'clock Sunday evening, June 18. This is the Zion Mission which has carried on its work here for many years, and continuously since its re-establishment by Rev. Stephen G. Spottwood since Aug. 3, 1919. Weekly meetings will be continued with a view to the spiritual and social advancement of all, and looking toward the erection of a Lowell Mission chapel which is greatly needed.

CONCERT BY PUPILS OF PROF. BERGERON

The violin pupils of Prof. P. O. Bergeron gave a very enjoyable recital in Colonial hall, Middle street, last evening. They were assisted by Miss Emily Gaudette, a local soprano, who entertained with pleasing numbers. There was a large attendance and all enjoyed the program immensely. Those who took part were: Walter Turner, Adrien Plourde, Bernice Schankman, Gertrude and Esther Mulligan, Lillian and Grace Robinson, Leon Ouellette, Goldie Linchitz, Alice St. Pierre, Alexis Pichette, Edward Hourie, Conrad Gauthier, John Tiffany, Helen Ryan, Alice Champagne, Henri Beausoleil, Paul Dozols, Rodolphe Nault, Waldo E. Murphy, Paul Gagnon and Everett Humphreys.

The judges were Prof. Clarence White of Boston, Prof. Rudolph Schiller of Manchester, N. H., and Prof. L. N. Gullibault of this city. The ushers were Arthur L. Eno; Raymond P. Bourgeois and J. A. N. Chretien.

The patrons and patronesses were as follows: Mr. and Mrs. Leon Abrams, Mr. and Mrs. Sam Abrams, Mr. and Mrs. Henry Achin, Jr., Mr. and Mrs. George A. Antonin, Mr. and Mrs. A. HOW TEACHERS WERE ELECTED

Twenty-three Ballots Necessary at Meeting Held Tuesday Night

Most of Superintendent's Recommendations Favorably Acted Upon

Believing that the election of 18 high school teachers at the meeting of the school committee Tuesday evening was of unusual importance and inasmuch as it was not possible to record the detailed voting by ballots in the report of the meeting, the schedule of the 23 ballots taken is given herewith.

In most instances the recommendations of Superintendent Hugh J. Molloy were followed, but in one or two cases persons recommended failed of election. Both Supt. Molloy and Henry H. Harris, principal of the high school, expressed regret that William A. Donovan and Joseph M. Donoghue failed of election. Both of these men have taught in the high school for the past year.

Academic Department

The following nine teachers were elected to the academic department: Joseph McAvinue, Charles Foley, Miss Ruth Boulger, Miss Louise McKenna, James J. Reynolds, Martin E. Connors, Kenneth Connors, Miss Ethelred Wilmott and Thomas Pyne. The 12 ballots as taken were:

First ballot—Mr. Delaney, McAvinue, Mrs. Donovan, McAvinue; Mr. Lambert, Wilmott; Dr. Meehan, Connors; Mr. Mullin, McKenna; Mrs. Pearson, Boulger; Dr. Slaughter, McKenna; Mr. Sullivan, McAvinue; Mr. Riley, McAvinue. No choice.

Second ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McAvinue; Mr. Lambert, McKenna; Dr. Meehan, McKenna; Mr. Mullin, McKenna; Mrs. Pearson, McKenna; Dr. Slaughter, McKenna; Mr. Sullivan, McKenna; Mr. Riley, McKenna. McKenna elected, five votes.

Third ballot—Mr. Delaney, Foley; Mrs. Donovan, Foley; Mr. Lambert, Boulger; Dr. Meehan, Reynolds; Mr. Mullin, Foley; Mrs. Pearson, Boulger; Dr. Slaughter, Boulger; Mr. Sullivan, Foley; Mr. Riley, Foley. Foley elected, five votes.

Fourth ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McKenna; Mr. Lambert, Boulger; Dr. Meehan, McKenna; Mr. Mullin, McKenna; Mrs. Pearson, McKenna; Dr. Slaughter, McKenna; Mr. Sullivan, McKenna; Mr. Riley, McKenna. McKenna elected, seven votes.

Fifth ballot—Miss Louise McKenna elected unanimously.

Sixth ballot—Mr. Delaney, Reynolds; Mrs. Donovan, Donoghue; Mr. Lambert, Connors; Mr. Mullin, Connors; Mrs. Pearson, Connors; Dr. Slaughter, Connors; Mr. Sullivan, Connors; Mr. Riley, Connors. Connors elected, seven votes.

NEARLY KILLED BY INDIGESTION

"Fruit-a-lives" Restored Him to Perfect Health

SOUTH ROYALTON, VERMONT. "About three years ago, I began to suffer with indigestion. Food soured in my stomach, causing me to belch; and I had terrible heart burn.

I was knocked out and good for nothing, when I read about "Fruit-a-lives" and sent for a box. To my surprise and gladness, I noticed improvement and I continued the use of "Fruit-a-lives" or "Fruit Laxo Tablets" with the result that a dozen boxes made me feel like a new person."

Mr. Sullivan, Reynolds; Mr. Riley, Reynolds. No choice.

Seventh ballot—Mr. Delaney, Reynolds; Mrs. Donovan, Connors; Mr. Lambert, Reynolds; Dr. Meehan, Reynolds; Mr. Mullin, Reynolds; Mrs. Pearson, Reynolds; Dr. Slaughter, Reynolds; Mr. Sullivan, Reynolds. Reynolds elected, eight votes.

Eighth ballot—Mr. Delaney, Donoghue; Mrs. Donovan, Donoghue; Mr. Lambert, Wilmott; Dr. Meehan, Wilmott; Mr. Mullin, Connors; Mrs. Pearson, Wilmott; Dr. Slaughter, Wilmott; Mr. Sullivan, Wilmott. Wilmott elected, six votes.

Ninth ballot—Mr. Delaney, Connors; Mrs. Donovan, Connors; Mr. Lambert, Connors; Dr. Meehan, Connors; Mr. Mullin, Connors; Mrs. Pearson, Connors; Dr. Slaughter, Connors; Mr. Sullivan, Connors. Connors elected, six votes.

Tenth ballot—Mr. Delaney, McKenna; Mrs. Donovan, McKenna; Mr. Lambert, McKenna; Dr. Meehan, McKenna; Mr. Mullin, McKenna; Mrs. Pearson, McKenna; Dr. Slaughter, McKenna; Mr. Sullivan, McKenna. McKenna elected, five votes.

Eleventh ballot—Mr. Delaney, Donoghue; Mrs. Donovan, Donoghue; Mr. Lambert, Donoghue; Dr. Meehan, Donoghue; Mr. Mullin, Donoghue; Mrs. Pearson, Donoghue; Dr. Slaughter, Donoghue; Mr. Sullivan, Donoghue. Donoghue elected, five votes.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that bent the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

MOORE REPRESENTS U. S.

First Annual Session of Permanent Court of International Justice

THE HAGUE, June 15.—(By the Associated Press.) The two chief questions coming before its first annual session of the permanent court of international justice, beginning today, are the French objections to the eight-hour law for farm laborers, and the protest of the Amsterdam Second International, socialist organization, that was not considered in the selection of the Dutch labor member of the international labor bureau.

Today's session is public and the first of a series which will continue for about a month. The United States was represented by John Dasset Moore.

FAREWELL ADDRESS

Rev. Fr. Heaney, pastor of St. John's church, North Chelmsford, who has been transferred to another parish, delivered a farewell address at the meeting of Court Wagonette, M.C.C.F., Tuesday night. The meeting was largely attended and the members listened to the parting words of their beloved pastor in a most attentive manner. At the close of Fr. Heaney's remarks, Chief Ranger Daley expressed the sentiments of the membership in a touching address.

Obstinate Cases of Hemorrhoids—Piles

We note with satisfaction that a well known physician in his hospital and private practice has discovered that Moore's Emerald Oil will remove the most obstinate piles. Just a few applications and stop all itching, burning, bleeding and distress.

Sufferers should get a small bottle of Moore's Emerald Oil and begin the treatment at once. It is a remedy that is easily applied and the first application gives instant relief and comfort. Fred Howard and all good druggists have it, or can get it for you on short notice.

WILL TAKE PART IN "THE DICTATOR"

Miss Constance Jacoby of Pleasant street, Groton, will take the part of Senora Juanita Arguilla in Richard Harding Davis' play, "The Dictator," which will be presented by the Dramatic club of the two-year course at the Massachusetts Agricultural college, Saturday, June 17, 1922, Bowker Auditorium, Stockbridge hall. It is a feature of the course that at the end of the year, the senior class present a play as part of the commencement program. The graduate class this year numbers 55 students.

LOWELL BOYS ARE PUT ON PROBATION

Before Judge Brown in superior court in East Cambridge yesterday, Russell Richardson and Herbert Veal, two local young men, pleaded guilty to the larceny of Atty. Frank Goldman's auto three weeks ago. The boys were placed on probation and ordered to pay for the damages done to the car when it crashed into a tree. The court seemed satisfied that the theft was little more than a boyish prank and was not an out and out attempt to steal the car with the idea of selling it.

DRAWING FOR PRIZES

The ladies in charge of the table are very grateful to both donors and patrons.

TOOL SHED BURNED

A tool shed, built by the Saco-Lowell shops and used by its employees who have gardens off Andover street, was burned to the ground last evening. When the blaze was discovered shortly after 9 o'clock, an alarm was sent in from box 815, but when the firemen arrived, the shed was practically demolished. There were two telephone alarms last evening, one at 8:26 o'clock for a dump fire on the Fair grounds, and the other at 10:30 o'clock for a rubbish fire at the corner of Chelmsford and Powell streets.

COUNTY OF MIDDLESEX Proposals for Coal

Sealed proposals addressed to the Middlesex County Commissioners and endorsed "Proposals for Coal," will be received by said Commissioners at the Court House, Lowell, until Monday, the 19th day of June, 1922, at 10 A.M. for a supply of coal to be delivered at the Training School at North Chelmsford, Mass., and at that time will be publicly opened and read.

All bids must be upon blank forms to be obtained at the office of the Commissioners, Court House, East Cambridge, and must give the prices proposed both in writing and in figures, and be signed by the bidder with his address.

Each bid is to be accompanied by a certified check for Two Hundred Dollars (\$200.00) payable to the County of Middlesex, said check to be returned to the bidder unless he fails to execute a contract should it be awarded to him.

All bids will be compared on the basis of the estimated quantities of coal needed which are as follows: 800 tons, more or less, best "New River Coal" or its equal, 2000 pounds to the ton.

50 tons, more or less, best Anthracite nut coal, 2000 pounds to the ton.

35 tons, more or less, best Anthracite Furnace coal, 2000 pounds to the ton.

The above is to be delivered at the Training School at North Chelmsford, at such time and in such quantities as the Superintendent may order.

The quantities are approximate only and the Commissioners expressly reserve the right of increasing or diminishing the same.

Specifications and forms of proposal and contract may be obtained at the office of the Commissioners, Court House, East Cambridge, Mass.

The Commissioners reserve the right to reject any or all bids, or accept any bid as they may deem best.

RESIGNS FROM HIGHWAY COMMISSION

(Special to The Sun)

BOSTON, June 15.—I wish I were a rock. A-setting on a hill. A-doin' nothin' all day long. But just a-settin' still. I wouldn't eat. I wouldn't even wash. But just sit still a thousand years And rest myself, 'gosh.

This little jingle expresses the state of mind in which Frank D. Kemp of Springfield found himself recently, after 43 years of continuous work, and brought about his resignation from the office of commissioner in the highway division of the state department of public works.

Mr. Kemp received his appointment to the place on his 47th birthday, and last Friday he celebrated his 60th. Since he was 17 years old he has been in the highway work, and now retires in order that he may enjoy his first rest.

Previous to his service as a highway commissioner, Mr. Kemp was chairman of the ways and means committee of the house of representatives and in that capacity reported the bill which established the present system of registering motor vehicles and their operators.

In the first year of the operation of the system, the receipts were \$150,000; last year they had increased to more than \$500,000. In the 13 years he has occupied the position, the department has constructed 700 miles of state highways, and has aided municipalities in the construction of 1500 more. Its expenditures, for highway purposes alone, have been approximately \$32,000,000.

At the start of his term, the idea of constructing highways of asphalt with a tax binding had just come into vogue. In the comparatively short space of 13 years it was developed to its limit, and now has largely given way to the idea that concrete offers the only material capable of standing, for a reasonable length of time, the terrific wear and tear imposed by motor vehicles.

Even highways, according to Mr. Kemp, are not the greatest problem at present confronting the state officials. Rather is it the matter of providing bridges which will be safe for the traffic which they have to carry.

At present, Mr. Kemp said yesterday, there are at least one hundred bridges in this state which are unsafe. Just how imminent the danger is on each one, it is of course impossible to say, but each five-ton load passing over a bridge brings just so much nearer the day when it will collapse, unless strengthened or rebuilt.

Not only are many bridges unsafe, but there are many which were built 12 or 20 feet wide, when the minimum width of safety has largely given way to the narrowness of bridges, and it is in question of time, in Mr. Kemp's opinion, when the cost of such accidents will become so enormous that economy will necessitate improved conditions.

Under existing law, however, there seems little prospect of relief. Many of the towns in which long bridges are located, especially those on the Connecticut river, are unable to stand the burden of bridge improvement. Northfield, for example, has an 800-foot bridge, and a valuation of less than \$2,000,000. The county also has no funds for doing the work, and the state has no authority to do it. At least \$3,000,000 a year should be spent for several years in bridge improvement, according to Mr. Kemp.

It is the intention of the retiring commissioner to spend several months in absolute rest. He will probably take numerous fishing and hunting trips with Mrs. Kemp, who has been an enthusiastic angler and hunter.

FLAG DAY OBSERVED BY LOWELL ELKS

With fitting ceremonies Lowell lodge, No. 57, B.P.O. Elks, last night honored the flag with exercises held in the meeting hall in Middle street. The exercises were the same as held by every lodge of Elks in the world. The formation of the red, white and blue bell, a rite which tells of the purpose of each color in the flag, opened the ceremonies. Exalted Ruler John T. Durkin conducted these ceremonies. The history of the flag was delivered by James M. Donnelly, esteemed leading knight. Mr. Donnelly traced the history of the flag, from its making by Betsy Ross, down to the present time. He told of how it has always stood for the great things of the world and how its folds were never tarnished and never lowered in defeat. John P. Farley, P.E.R., delivered the oration.

Daylight Saving Permanent Fixture

LONDON, June 15.—Daylight saving time in summer throughout the British Isles is made a permanent fixture through the passage by the house of commons last night of the "summer time bill." The measure which was adopted by a vote of 207 to 26, is similar to that in effect in other European countries.

Mail Bandit to Undergo Operation

PHOENIX, Ariz., June 15.—Roy Gardner, mail bandit, who several months ago began a 25-year term in Leavenworth penitentiary, plans to undergo an operation to relieve pressure on the brain, with a view to appealing for a pardon, the United States district attorney's office here learned. If the operation discloses that Gardner's career of crime was a result of a fractured skull, sustained while he was working as a miner, local officials regard as probable that a pardon will be considered.

WOULD AMEND CONSTITUTION

La Follette Says Federal Courts Have Wrested Sovereignty From the People

Calls Supreme Tribunal "the Actual Ruler of the American People"

Wisconsin Senator Addresses A. F. of L. Convention at Cincinnati

CINCINNATI, June 15.—Asserting that by a "process of gradual encroachment" the federal courts of the country have "wrested sovereignty from the people," Senator La Follette of Wisconsin in an address yesterday before the American Federation of Labor convention proposed an amendment to the constitution denying the power of the courts to set aside a federal law as unconstitutional and providing for the nullification of any such decision by the supreme court by re-enactment of the statute.

Citing the recent decision of the supreme court holding unconstitutional the child labor law as "typical of the conduct of the federal judiciary and particularly the supreme court, whenever congress has sought to enact progressive and humane legislation, which was offensive to great financial interests," Senator La Follette said the supreme tribunal of the country was "today the actual ruler of the American people."

Five Men Supreme Rulers

"The law is not what they say it is," the senator continued, "and not what the people think it is. The law is what the constitution of the United States is not what its plain term declares, but what these nine men construe it to be. In fact, five of these nine men are actually the supreme rulers, for by a bare majority, the court has repeatedly over-ruled the will of the people and the congress."

The nine lawyers who constitute the supreme court are placed in possession of power for life, not by the votes of the people, but by presidential appointment. Ex-President Taft was made chief justice by President Harding. Thus a man, invested with the enormous prestige and influence of chief justice by presidential appointment, who had been repudiated by the

COULD NOT TURN IN BED

Operation Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me.' One day she said, 'Let me get you one bottle of each kind. You won't lie out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache."

voters of the United States on his record. No one will contend that he could have been elected chief justice by vote of the people. And yet Chief Justice Taft wrote the opinion that annulled the child labor law; he wrote the opinion in the Coronado Coal Co. case. In writing this opinion on the child labor law, he was not concerned with personalities. I am dealing with fundamentals."

In assuming to pass upon the constitutionality of many laws enacted by congress, the federal courts, Mr. La Follette said, not only are exercising a power nowhere conferred in the constitution but which the constitutional convention, he said, four times went on record as opposed to granting, when it was proposed that judges should have a veto vote upon federal legislation.

"We have never faced the fundamental issue of judicial usurpation of legislative power," he said. "The time has now come to do so. It would require a dozen constitutional amendments to correct the evils of decisions which the court has handed down within the past three or four years."

PLEA FOR VICTIMS OF TURKISH CRUELTY

The Sun is glad to give space to the following communication and is in full sympathy with its aims. We had hoped that Armenia would be granted independence but the first arrangement made by the allies was upon and Armenia is once more under the control of the Turk, but let us hope a somewhat less ferocious taskmaster. The powers should insist that if Armenia be not given her freedom she shall be treated with fairness and a degree of humanity that is rare under Turkish sway.

The communication: Lowell, June 12, 1922.

Editor Lowell Sun.

Dear Sir:—For five centuries the unspeakable Turk has exercised his bloodthirsty rule over non-Turk and Christian nations. The nations he ruled over were ancient and were civilized and the names of those nations are mentioned in all books, from the Good Book down. Thanks to the great war the same Turk has become less powerful and the Christian nations of Asia Minor have seen a light of hope which although small still gave them courage to wait and struggle for a complete independence.

That light is slowly fading under the blow of expediency and misconception of safety and tranquility in international relations. Those nationalities are to be again delivered to the destructive rule of the Turk. The thousands of helpless Armenian and Greek women and children and of old people unable to defend themselves, has been so often related that it is unnecessary to repeat the statistics here. The acts of these barbarians are to be investigated by a committee in which the United States shall also be represented and a better report shall be furnished to the American public which will not help, but only state what our brethren have suffered and still suffer in the hands of the Turk.

May we through your paper, appeal to the brothers in Christ of all the other Christian denominations to make this subject of the Christian brotherhood and solidarity the subject matter of their sermon? Our only hope is the timely intervention of the United States whose people are inspired by Christian ideals and we feel sure that if the good Christians attending church learn of the misfortune of other Christians, they will do much to help us.

The Near East Relief and other Christian organizations feed and clothe thousands of our destitute and hungry refugees in Asia Minor. The thanks and prayers of the little hungry mouths and of the old and weak are acceptable to the Almighty, but if these children and women and old people are again returned to the rule of the Turk, not many shall be left to be fed, clothed, or be thankful for.

On Sunday the Greek and Armenian communities are going to hold a mass meeting of protest against any action which tends to put the Christian nationalities under the Turkish rule. May we hope that you will deal with the subject editorially and so feel that in our feeble protest we have the good will of the American press?

Thanking you for whatever you will do for a cause which is just. We are sir.

Very respectfully yours,
For the Joint Committee of Armenian and Greek Defense,
REV. JAMES MEKARTIAN,
President of the Armenian Community.
REV. GEORGE MENENXOGLU,
President of the Greek Orthodox Community of the Annunciation.

THE STRAND

An outlaw who does not deserve the title—this is the character portrayed by Dunstan Farnum in his recent play, "Iron to Gold," which is being shown for the week-end at the Strand. The reason that he is called an outlaw is because he refuses to be sent to prison because of a misunderstanding of justice. He is publicly vindicated in the end, of course, but not until he has experienced many adventures and a most exciting brand. Incidentally he wins the heart and hand of a maiden in so doing. The scenes are laid in a small mining town and in neighboring hills. There is a goodly sprinkling of delightful comedy to relieve the tension of the main theme.

From a pathetic little waif in the streets of London to a popular dancing attendance to a fine, upstanding American of wealth, is the long stride of Shirley Mason in "Jackie," a play based on a novel by Countess Barynska, which is rounding out the remainder of the program for the week-end. You will also enjoy the comedy and variety. Why it is not comfortable. Try the Strand. You get that and a superior picture entertainment at popular prices.

MERRIMACK SQUARE THEATRE
Reena Owen and Matt Moore, two of the prime favorites of the movie stage, are starring in "Sisters," the big dramatic feature now playing at the Merrimack Square theatre. The

second feature is "Midnight," one of Constance Binney's most entertaining productions.

"QUEEN OF SHEBA" COMING

"Queen of Sheba" a William Fox super-spectacle which enjoyed a sensational run on Broadway, New York, is booked for the Merrimack Square theatre beginning next Sunday. It is described as a stupendous spectacle and a great love story. New York critics hailed it as one of the greatest photo-dramas ever produced. It showed to crowded houses throughout the run, until taken off to make way for another of the Fox spectacle. It is declared that the pagantry of "Queen of Sheba" is unsurpassed for magnificence on the screen, and that

few such thrilling spectacles as the chariot race ever have been presented in motion pictures.

The filming of "Queen of Sheba" under the direction of J. Gordon Edwards took an entire year. Throughout the period a huge force of workers in many lines of endeavor was employed, and in addition every member of the Fox organization on the west coast—actors, clerical workers, artisans and all—took a personal interest in the progress of the stupendous production and lent their aid to it. Tom Mix, for instance, volunteered his services in rendering the chariot race thoroughly realistic.

The construction of massive sets, the designing and making of the elaborate costumes, the perfecting of

the dances, meant a vast deal of labor, and the difficulties in the way of completing the production on the scale originally planned seemed insuperable. They were overcome, however, and "Queen of Sheba" given to the screen.

Betty Blythe appears in the role of the Queen. Filz Fletcher, the noted Shakespearean actor, is King Solomon, and Clair de Lorenz is Queen Amarath, wife of Solomon.

LOWELL WOMAN KILLED BY TRAIN

Mrs. Sarpoohy E. Aslanian, aged about 30 years, was almost instantly

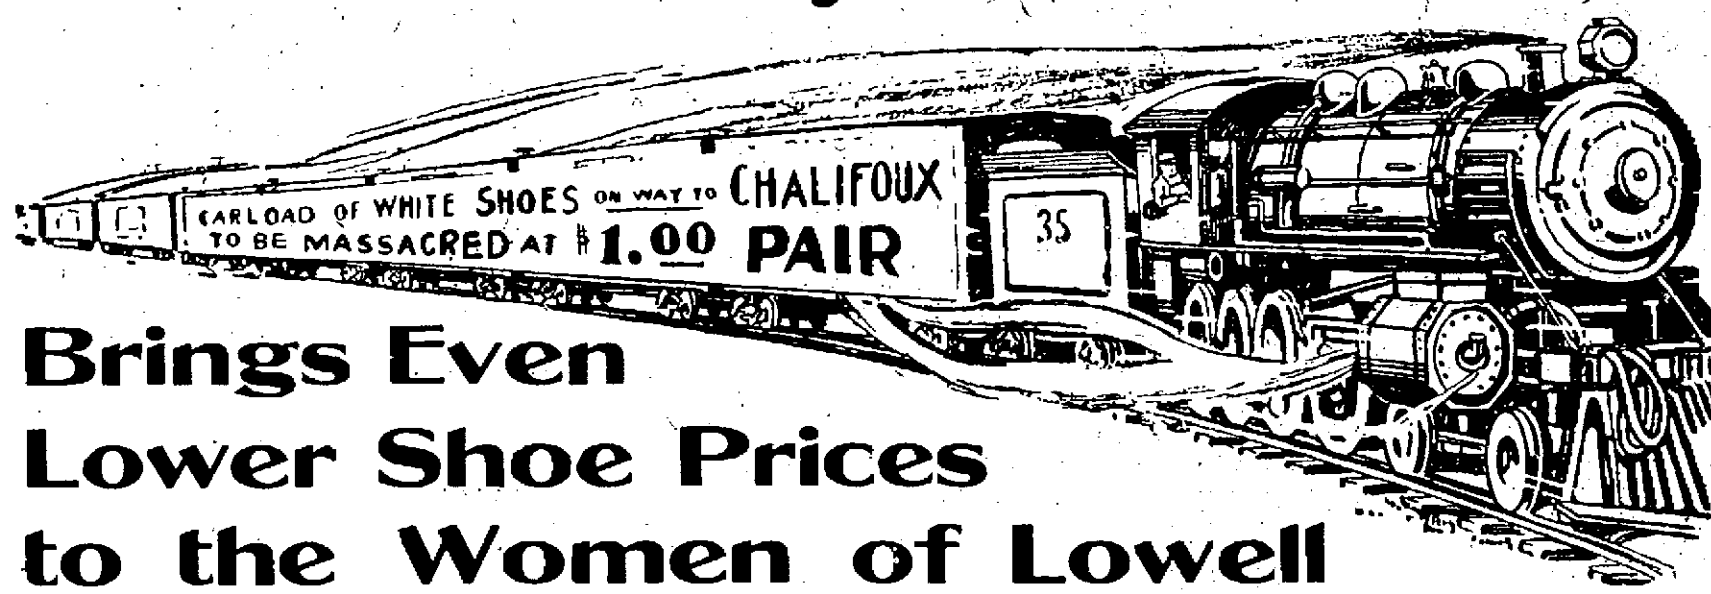

killed yesterday afternoon near the Sixth-Arch bridge by a south-bound Boston and Maine train. She was employed as a housewife at 83 Lawrence street.

According to the story given out by Medical Examiner T. B. Smith, the woman, with two companions, was gathering green grapes leaves. The two women with Mrs. Aslanian, Mrs. E. H. Sabouian of 150 Charles street and Mrs. Zarooby Tavarian of 19 Lawrence street, made their way across the tracks in safety, but the victim was less fortunate and was struck by the on-rushing train. Owing to the hysterical condition

of the dead woman's companions, it was impossible to identify her until several hours after the accident. Identification was made by Mrs. Sabouian's husband, who is employed as a barber at 285 Central street. The body was removed to Healey's undertaking parlors.

TO RAISE ENDOWMENT FUND OF \$1,000,000

CAMBRIDGE, June 15.—Plans for an immediate campaign to raise an endowment fund of \$1,000,000 for the Episcopal Theological school, were announced by Dean Henry Washburn at the annual banquet of the school's alumni last night.

Bishop William Lawrence of the Massachusetts diocese has accepted the chairmanship of the fund and E. Preston Clark of Boston will be the chairman of the executive committee. Bishop Lawrence will give the major part of his time to the campaign, turning over the administration of the diocese to the Rev. Dr. Charles L. Slattery, bishop coadjutor-elect of the diocese.

Unable to attend the banquet owing

to a slight illness, Bishop Lawrence sent a message to the alumni in which he said: "I have been asking myself the question, which many friends will ask: Why do I, at 72 years of age, and just at the time when relief from heavy routine is in sight, withdraw from spiritual work in order to raise a lot of money?"

"The one great need of this country, racked as it is with moral, financial, industrial and spiritual problems, is leaders, men of force, character and devotion. While the immediate goal of this campaign is \$1,000,000, the real purpose is the increased facilities for the production of spiritual leaders."

YESTERDAY'S AUTO ACCIDENTS REPORTED

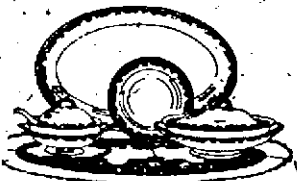

R. T. Smith, a boy residing at Calvin street, had a narrow escape from injury yesterday afternoon when, while riding his bicycle in Rogers street, he ran into an automobile operated by Dr. T. B. Delaney. One of the wheels of the bicycle was smashed in the collision.

George Bertrand, a boy residing in this city, was struck and knocked down by an automobile in Lilley ave. yesterday afternoon, but he escaped without any injury. The automobile is owned by Henry Beauparlant of 97 Ludlam street and was being operated by Harry Mallis of 18 Lilley ave. who claims that he struck the boy after avoiding colliding with another automobile.

Royal J. Langan of 6 Cedar street reported to the police that while driving an automobile owned by Thos. Molnerey of 16 Walnut street yesterday afternoon he killed a dog owned by a Mrs. McGuire of Gorham street.

GEN. EDWARDS SPEAKS

Urges Military Training in Address Before Norwich Graduates

NORTHFIELD, Vt., June 15.—This country has been engaged in war one year out of every six of its existence

and has a long list of "unnecessary dead." Major General Clarence R. Edwards, commander of the First Army Corps area, declared today in an address before the graduating class of Norwich university. The general advocated military training for the youth of the nation.

"We must remember that if we depart from the traditions and ideas of the founders of our government," Gen. Edwards said, "and allow the youth of our country to adopt strange ideals and to become inoculated with new theories that the day is not far off when, by their votes, they will change

the very structure of our government itself and thus destroy us as a nation. Every citizen owes it to himself and to his country to be prepared to serve his people whether that service be performed on the battlefields or in the council chambers."

GREEN'S DRUG STORE

Makes Remarkable Offer to Any Person in Lowell Who Is Weak, Sick, Nervous or Run-Down.

It is Now Possible For You to Come to This Store, Buy a Regular \$1.10 Package of Nuxated Iron for 79c, Use It For Two Weeks, and If at the End of That Time You Have Not Received All, and Even Greater Benefits Than You Expected, Simply Bring the Wrapper Back to Green's Drug Store, and We Will Cheerfully Hand You Back Your Money.

Lowell people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out Door Department), New York; and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart or stomach trouble, kidney disease, nerve force exhaustion or some other serious ailment. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy, that we recommend that you come right to Green's Drug Store and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.—Adv.

Berton Braley's Daily Poem
SACRIFICE

Her children were her all-in-all,
She gave her time and thought to them.

Her dreams, her visions great and small,
Her heart's deep love she brought to them;
Unselfishly her strength she gave
To make them snugger, costlier,
She made herself a willing slave
That they might find life rosier.

She gave up all the things that make
Life merrier and breezier,
Believing that she thus might make
Her children's progress easier;
She scrimped and saved and toiled and drudged

Through years and years laborious,
And by the neighbors she was judged
A mother meritorious.

But when her labors are reviewed
With calm judicial clarity,

We find she raised a selfish brood
Sons thoughtfulness or charity;
Her children took but never gave
And selfishness thus grew in them,
Self-sacrifice made her a slave
And only served to ruin them!

MORE LOWELL YOUNG PEOPLE GRADUATE

The lists of Lowell graduates from institutions of higher education, rapidly assuming large proportions, was increased today by the addition of the name of Miss Ruth B. Munson, who graduated from the Massachusetts Normal Arts school. Miss Dorothy Wright, who graduates next Wednesday from Radcliffe college, and Donald B. Willard, who will graduate from Tufts college next Monday, will also make notable additions to the lists.

Miss Munson, the daughter of Mr. and Mrs. Ellsworth L. Munson of 117 Branch street, has specialized in teaching, and in the fall will begin work at an Exeter, N. H., seminary.

Miss Wright, the daughter of Mr. and Mrs. Arthur A. Wright of 108 Myrtle street, will receive the A.B. degree. She has specialized in modern languages and economics, and during the summer will take a course in the Bryant & Stratton school in Boston.

Mr. Willard, who is the son of Mr. and Mrs. Nelson B. Willard of 12 Puffer street, has made a special study of English. At Tufts he is president of the Phi Delta fraternity.

This Fall we will again operate all our Chester Clothes Shops on the original lines we so successfully inaugurated when we first started. **Every suit just one price.**

We got away from this policy during the war, because conditions compelled us, and sold clothes as high as \$60 and \$75—they were the finest in the country at that price, but that's over with as far as we are concerned. We are again going to concentrate all our efforts and energies and resources to the one idea—of just **ONE PRICE**, the lowest possible price at all times and the best clothes in the world at that price.

Hence This Clean Up Sale---

CHESTER CLOTHES are always less in price than equally good quality clothes elsewhere, and the tremendous savings that these reduced prices offer will be quickly taken advantage of by men who know values. So please try and come early, while selections are fully complete.

Radio Amateur, Stranded in Desert, Puts Phone Set to Novel Use

BY PAUL F. GODLEY
America's Foremost Radio Authority
Have you ever been stranded in a broken-down auto many miles from a house or telephone?
A radio amateur, once found himself in this predicament—with a snapped rear axle in an Arizona desert some 40 miles from the nearest phone, with no possibilities of meeting any passersby for 15 hours!
There was nothing to eat and no water to drink. The sun had gone down; the coyotes were beginning to cry in the hills.
The only signs of civilization were a few telephone wires supported on steel poles, as they took a short cut over the hills and valleys, and a lonely tin shack left some years before by government surveyors.

A Way Out
The problem was how to so alter the circumstances with the resources available as to make it possible to get to a hotel where food, shelter and rest awaited. Thoughts of spending the night on the desert without nourishment and with no sleeping equip-

ment were not lightly put aside. There was a baby in the party.

To this amateur, the telephone line suggested connection, providing the proper apparatus were available. The only other thing to be seen which was not scenery was the tin shack.
A mountain side was climbed, and the shack entered. Good fortune had left an antiquated type of telephone within the shack. Years of idleness had rotted the cords. The batteries were worthless. The ringing device would not operate.

But the magnetic telephone receiver was still intact and in good condition. It was taken out and examined, carried aloft on the telephone pole, and connected across a likely looking pair of wires.

A few seconds later a beautiful voice said, "Hello, Phoenix." No opportunity was given for further conversation here. This amateur immediately interrupted, explaining rapidly to the Phoenix operator who he was and the nature of his predicament.

Rescued
She was interested and agreed to arrange to send garage men with spare parts and food, and she kept

her promise. Three and a half hours later, these men put in their appearance, and by half past 2 in the morning, the 60 miles between the lonely desert location and Phoenix had been covered, and the entire party was deep in slumber.

The stage drivers between Globe and Phoenix today carry magnetic telephone receivers for just such emergencies. They got their idea from a radio amateur.
Many times circumstances will warrant the use of telephone lines in this way, and the radio magnetic telephone will turn the trick.

Rheostat—A coil wire offering a variable resistance to a source of current so as to allow a limited supply for the service required. An "electric valve."

MERCANTILE MARINE CO.

NEW YORK, June 15.—The long delayed preliminary report of the International Mercantile Marine Co. for 1921, issued yesterday at the annual meeting of the stockholders, discloses estimated net earnings of \$14,070,435, against actual earnings of \$17,484,018 in 1920.
Total net earnings, plus dividends from subsidiary companies after deducting taxes, general expenses and bond interest, amounted to \$5,176,834 against \$9,076,782 in the previous year.
President Franklin in a statement to the shareholders said that the outlook for 1922 was far from encouraging.

HELPLESS FROM RHEUMATISM NOW WELL AND STRONG

Now Walks Well as Ever—
Gives Credit to Weldon's

WANTS OTHERS TO
KNOW ABOUT RECOVERY

"I am only too glad to tell others how I recovered from rheumatism after being helpless from the disease." So said Mrs. E. B. Bain, who lives at 608 Columbus avenue, Boston.

"The pain and stiffness involved my knees, ankles, arms and shoulders. I was unable to get out of bed or do anything to help myself. The pain at night was so severe that it was impossible to get any rest. To even touch my joints would bring on a paroxysm and it was necessary to place pillows between my knees to get any relief. My shoulders were so involved that I could not raise my arms to my head; they were sore, stiff and weak. My case was evidently too severe for the ordinary remedies to reach. Reading so much about Weldon's, I secured a package from a drug store and to my surprise the pain and stiffness began to leave me. By continuing the treatment I was soon able to walk and get about as well as ever. I cheerfully recommend Weldon's."

Weldon's is a scientific preparation for rheumatic conditions and has well been called the "Wonder Worker" for rheumatism—one trial proves it. Send to Weldon's Co. 132 Boylston street, Boston, for free book "Germs of Rheumatism." Get Weldon's now at A. W. Dows and reliable druggists.—Adv.

EXPERT IS AFTER
STATIC BUGABOO

Static is bound to be overcome, with government and other radio experts concentrating all their energies against this bugaboo. Dr. L. W. Austin, head of the radio research laboratory of the U. S. Navy department, is one of the engineers seeking the downfall of static. Here he is shown with the loop aerial with which he has been conducting tests to reduce atmospheric interference.

FRATERNAL NEWS

A feature of the last meeting of Lowell command, A.O.U.W. of A., which was held in the Free church in Middlesex street, was the election of officers for the ensuing six months, which resulted as follows: Richard Mills, president; John S. Davies, first vice president; Harry J. Robinson, second vice president; Christopher Byrne, recording secretary; Ralph R. Smith, secretary; John Fairburn, treasurer; Herbert Lancaster, sergeant-at-arms; Albert Eichel, auditor for one year; Messrs. Dawson, Lancaster and Davies, social committee.

Central Council, A.O.U.W.
At the last meeting of Central council, A.O.U.W. which was presided over by Pres. M. J. Monahan, arrangements were completed for a visit to the Working Boys' home in Newton Highlands, Sunday, June 26. It is expected that a large delegation will take in the excursion as the party will be the guests of Rev. Bro. Fabian, a Lowell boy, who is in charge of the school. The Irish Volunteers' band will accompany the Lowell crowd. The com-

Walker-Rogers Post

Plans for the state convention for Veterans of Foreign Wars were discussed at a recent meeting of Walker-Rogers post. The affair will be held in Springfield June 24 and 25 and it is expected that a large number of the local post will attend. Routine business was transacted and it was voted to invite Dr. Ayres, ranking medical officer at the Groton hospital, to address the post at the next meeting relative to the needs of the soldiers at the hospital. The post also voted to send letters of appreciation to local newspapers for their generous publicity during the past year.

Bank of England Lowers Discount Rate

LONDON, June 15.—(By the Associated Press)—The Bank of England today lowered its discount rate to 3½ per cent, a reduction of ¼ per cent from the figure established on May 13 last. The bank again took Lombard street by surprise in making this reduction in the official minimum rate. The action is believed to have been taken largely through a desire to bring the rate more in line with the short loan market, which recently has had large funds unemployed at from one to two per cent while the bank rate stood at 4 per cent. Treasury bills were also available at easier rates, and as conditions in the United States were easier, the retention of so high an official rate here was regarded as unwarranted.

AGAINST CHILD LABOR

Organized Labor Again Raises Voice at Convention—

Observes Flag Day

CINCINNATI, June 14.—(By the Associated Press)—Organized labor again raised its voice at the convention of the American Federation of Labor here today, against child labor, with its observance of Flag day. The program for the entire day's speeches was devoted to child labor, with reference to the supreme court's decision of two months ago holding a child labor law unconstitutional for the second time. Senator La Follette of Wisconsin, made the principal address. Other speakers were Dr. Albert Preobels of Cincinnati, who has devoted years to study of the effects of child labor, Florence Kelly of the National Consumers League, T. V. McCullough of the International Typographical union, William Green of the United Mine Workers of America, and Mary V. Halas of the Woman's National Trade Union League.

Samuel Gompers, president of the federation, told the delegates that labor's program was to obtain adoption of a constitutional amendment making possible a federal child labor law.

The Central Labor union of this city presented Mr. Gompers with an American flag at the opening of the session.

Delegates favoring radical change in the American trade union movement made their first move in convention today, by introducing a resolution for the amendment of the constitution by industries into single organizations.

SINN FEINERS ROUTED

Attacked Killyleagh Castle But Were Driven Off by Ulster Constabulary

BELFAST, June 14.—(By the Associated Press)—Sinn Feiners attacked Killyleagh castle, County Down, during the night, but were driven off by members of the special Ulster constabulary. Colonel G. W. R. Hamilton and Mrs. Hamilton, the owners, were in the castle during the attack.

Incendiaries were active in this city, burning two motion picture theatres, a restaurant, a brewery, an engineering works and a block of business offices. Three men were injured in the latter fire.

The bodies of two unidentified men, riddled with bullets and with their hands tied behind their backs, were found lying by the roadside at Listien, South Armagh, this morning.

WILL OF BIRON TRUETT

SALEM, June 14.—By the will of Biron Truett of Lawrence, who died June 9, his estate, estimated at \$500,000, is left in trust for his two daughters and upon their death, the Lawrence Street Congregational church, Lawrence, is to receive \$5000; Lawrence Home for Aged People, Y.M.C.A., Lawrence General Hospital, and Roman Catholic Orphan Asylum, all of Lawrence, each \$1000.

Roosevelt Ordered to Make Investigation

NEW YORK, June 14.—Theodore Roosevelt, acting secretary of the navy, was called upon today in a message sent by Congressman Isaac Siegel of New York to make a thorough investigation of an indignity alleged yesterday by Senator Sutherland to have been suffered by Leonard Kaplan of the graduating class of the naval academy. The slight was in the perforation of the inner margin of the page in the academy's Year Book, "the lucky bag" which contained Kaplan's photograph and a short sketch, and the omission of his name from the page index. Senator Sutherland, who said Kaplan was of Jewish extraction, attributed the indignity to racial and religious prejudice. "An end must be made to the intolerant spirit that is being allowed to enter and prevail amongst those in the government service, whether they be in the navy, army or any other branch," Mr. Siegel said. "I look to you to take exemplary action."

Police Hold up Salesman by Mistake

PITTSFIELD, June 14.—Mistaking William E. Snow of Allston, a traveling salesman as the man who had attempted to hold up Deputy Sheriff Thomas H. Sullivan of Lee, a member of the state police patrol ordered Snow to stop his automobile near Lee, about midnight last night. Snow, thinking the officer was a robber, refused to stop and speeded up his car. The officer fired three shots but Snow continued on his way. Finally looking back and seeing three or four men following him, Snow stopped the car and ran back of a house. When the officers approached he drew his gun and held them up until Chief of Police Frank Coughlin of Lee arrived and the parties concerned were able to explain. Snow was allowed to go on his way. He is a representative of a steel company of Youngstown, Ohio, and lives at 72 Gardner street, Allston.

Workers Seize Linen Mills in Dublin

LONDON, June 14.—(By the Associated Press)—The Green Mount Linen mills in Dublin have been seized by workers who were employed there before the mills were closed and sold a few months ago, says a despatch to the Evening News from Dublin today. The machinery of the mills was advertised to be sold yesterday and the workers made the seizure to prevent the sale. They placed sandbags at the gates and made other preparations for defense. The provisional government, the despatch adds, is trying to arrange a settlement.

Regrets Treatment of Cardinal Logue

LONDON, June 14.—(By the Associated Press)—Colonial Secretary Churchill expressed regret in the house of commons today over the treatment which Cardinal Logue, primate of Ireland, received when he was held up on two occasions recently by Ulster Specials. "His Eminence," said the secretary, "had just delivered a speech, the whole object of which was to bring about a more rational Christian temper in Ireland. I was glad to learn those concerned had been officially rebuked."

Willard is Willing to Fight Dempsey

LOS ANGELES, Cal., June 14.—Jess Willard is willing to meet Jack Dempsey in a return match for the world's heavyweight pugilistic championship, he informed a newspaperman when cornered in his home in the Hollywood district here. Willard firmly believes that Dempsey can be beaten and he is willing to try to beat him, he said. "I would meet Dempsey if we could come to terms," Willard was quoted as saying.

SHERIFF'S SALE
Commonwealth of Massachusetts—Middlesex ss. Lowell, May 12, 1922.
Taken on execution and will be sold at public auction on June 24, 1922, at 11 o'clock in the forenoon at my office, Room 408 Fairburn Building, Kearney square, in said Lowell, all the right, title and interest not exempt by law from attachment or levy on execution which Charles A. Caverly, defendant in said County had on the 15th day of August, 1921, at 12 o'clock and 15 minutes P. M. that being the time when the same was attached on a mesne process in and to the following described parcels of real estate to wit:
(1) A certain parcel of land with the buildings thereon situated on the northerly side of Bellevue avenue in that part of said Lowell known as Mount Pleasant, and bounded and described as follows: Beginning at the northerly corner of the premises at land now or formerly of W. S. Parker, thence northerly along said Parker land about 200 feet to land now or formerly of J. Stuart Murphy, thence northerly along said Murphy land 40 feet to land now or formerly of David R. J. Varum at al, thence southwesterly along said Varum land about 200 feet to land now or formerly of Leavitt R. Varum, thence southwesterly along said Leavitt land about 40 feet to the point of beginning. Being the same premises as said Caverly conveyed by Deed of R. J. Varum at al by deed dated July 13, 1909, as recorded in Middlesex North District Registry of Deeds, Book 437, Page 104.
A certain parcel of land with the buildings thereon situated on the easterly side of Bellevue Avenue in that part of said Lowell known as Mount Pleasant, and bounded and described as follows: Beginning at a point on said westerly corner of the premises and of said Caverly on said Bellevue avenue, thence southerly along said Caverly land about 200 feet to a point on said Charles Foye, thence northerly along said Foye land about 40 feet to the point of beginning. Being the same premises as said Caverly conveyed by Deed of R. J. Varum at al by deed dated December, 1923, and recorded in said Registry, Book 483, Page 25.
(3) A certain parcel of land with the buildings thereon situated on the easterly side of Bellevue ave. in that part of said Lowell known as Mount Pleasant, and bounded and described as follows: Beginning at a point on said westerly corner of the premises at land now or formerly of Mrs. C. E. J. S. Murphy, and at a point 150 feet northerly from said Luce land and 110 feet northerly from the northerly corner of said R. J. Varum at al, thence southerly along said Murphy land 160 feet; thence westerly along said land of Varum at al about 250 feet to said Bellevue avenue, thence southerly along said avenue 100 feet to the point of beginning. Said premises contain about 25,000 square feet, and are shown on a plan above referred to, and the same premises to said Caverly conveyed by Nellie Slezek by deed dated Aug. 8, 1920, as recorded in said Registry, Book 525, Page 664.

BY JOHN O'DONNELL
NEW YORK, June 12.—The sixteenth edition of the Ziegfeld Follies, just opened at the New Amsterdam Theatre here, is billed as "a national institution glorifying the American girl."
"I don't know whether Mr. Ziegfeld glorifies the 'American girl' drawn Will Rogers when he appeared with his larlat on the opening night, "but he certainly does expose her."
The 1922 Follies, however, do more. Ring Lardner, Will Rogers, Victor Herbert, Michel Fokine, Joseph Urban and others have collaborated to set a new standard.
The result is that, aside from the feminine charm, which is the equal to the Ziegfeld standard, the 1922 edition surpasses all previous Follies in beauty of staging and in general effect.
The total impression of the opening night was that the four-hour show was the best of its kind ever seen on Broadway. More than that, it represented America's greatest contribution to theatrical entertainment.
The glorified American girl was there in plenty—the typical Ziegfeld attraction, beautiful with the slender charm of youth and displayed with alluring grace and crisp freshness.
There was Mary Eaton, probably the most famous of the 1922 Follies beauties, Anastasia Holly and Frances Reynolds, typical Ziegfeld selections; Gladys Gray and Evelyn Shaw, brought in to fill the gap in the dancing program left by the absence of Florence O'Donohue.
There were three outstanding features—the sultry wit of Ring Lardner and Will Rogers, the two ballet scenes, "Frollicking Gods" and "Lace Land" and dancing.
"Frollicking Gods" and "Lace Land" were the best acts of their kind ever produced in America. The first, a

Adventures of the Twins

TWINS, YOU'RE NEEDED DOWN ON THE EARTH!

HE TOOK HIS SPYGLASS AND LOOKED DOWN AT THE WORLD

The Man-In-the-Moon suspected trouble. He had seen Comet-Legs, his enemy, slip off on his shooting-star in a grand hurry. He had gone in the direction of Enna Meena's house, where bad dreams were to be had.

So when night came and the moon was almost empty of fairies—all of them being down on the earth—he took his spyglass and looked down at the world and hunted up Tommy Brown's house.

Wink, the dream-fairy, had confided to the Moon-Man as he left he had a fine dream to spread on Tommy's pillow and was going to try and make it come true.

But Mr. Peerbout suspected trouble, so he took his spyglass and looked down.

He looked down at the very minute old Comet-Legs met Wink on top of Tommy's roof. He could see Comet-Legs had a long-skin bag over his shoulder and knew that in it was one of Enna Meena's awful dreams. Over Wink's shoulder was a poppy-leaving bag.

Tommy's pillow dream about the boy.

Mr. Peerbout put his hand behind his ear and listened.

"Um," came Comet-Legs voice with a leer. "What are you doing here?" "I might ask you the same thing!" declared Wink.

"It's none of your business!" retorted the bad fairy, rudely. "I was here, first."

"Where's the Black Cap?" demanded Wink. "I was to meet him here. Did you do anything to him?"

"I just knocked him down the chimney," boasted Comet-Legs, "and that's what I'm going to do to you if you don't get out of my way."

"Well, I won't!" said Wink stoutly. And the next second they had laid down their dreams and were punching each other fearfully.

"Nancy! Nick!" called Mr. Peerbout excitedly. "There's a job for you on the earth. Go to Tommy Brown's house at once."

Will Rogers Sizes "The Follies" Up Right

FRANCES REVEAUX

Michel Fokine ballet, was sheer beauty without the funereal awe and seriousness of an art museum. Venus d'Alto with a twinkle in her eye, gods and nymphs after a blood transfusion.

"Lace Land" was another ballet, this time in an Urban set of remarkable splendor.

"The Bull Pen" was a great bit of native American humor. Keen, brilliant, satirical.

If there was any weakness in the show, it was in the humor of the lines.

BOY SCOUT MOVEMENT WILL FILL VACANCIES

Campaign to Raise Money
for Scout Work Now in
Full Swing

The Boy Scout movement, started in this city several weeks ago, has gained great momentum in the past two weeks according to W. E. Brown, New England scout executive, who has been working here for the past five weeks. The organization is now right in the midst of a drive to raise about \$6000 with which to carry on the scout work among the boys.

After working just a trifle more than a week, a report of the committee was submitted at a recent meeting. It showed that 175 people have subscribed a little more than \$1500. This is very encouraging to the committee. C. D. A. Grasse, president of the Boy Scout organization committee for the city, is very well pleased with the work of his committee. The average subscription has amounted to about \$10. With the remainder of the month left for the drive, and with only a small part of the population visited, the members are sure the drive will be put over successfully.

The enthusiasm is not confined to any particular quarter, as help has been coming from every class of people. While the financial end is the paramount issue at the present time, the work of reorganizing the troops is also meeting with success. A few years ago there were nearly 20 troops of scouts in this city and surrounding towns, to which this district belongs. The retirement of the scout master caused the interest to fall off with the result that the organization deteriorated greatly in the past couple of years.

Five weeks ago Mr. Brown came here from Boston with the idea of putting the Boy Scout organization on a firm basis once more. He looks after the executive end as a rule and has had little time to do much in the way of reorganization. When Mr. Brown arrived here there were but three troops remaining and these went along in a rather haphazard manner. There are seven troops functioning at the present time and all are working toward one end: to perfect a formidable organization in this district. After the finish of the financial drive, an organizer will be sent from Boston and it is expected that many new troops will be formed here.

Ready to Form

There are several churches and organizations desirous of forming troops but which are holding off until the arrival of the organizer. Organizations whose members are too old to belong to the scouts have their chance to do their bit by fostering a troop. The local post of the American Legion is planning such a step and it is expected that this organization will bring the matter before the body at some future meeting. Harford MacNair, national commander of the Legion, is behind the scout movement and is urging every post in the United States to foster a troop. He made an appeal in a recent issue of the Legion's official organ. The issue in question devoted several articles to the scout movement. The cover was given over to a picture of a scout master, who was shown explaining the scout duties to a youth.

Last night Mr. Brown visited Wigginsville and organized a troop there at the Primitive Methodist church, of which the Rev. John Singleton is pastor. The troop organized with 21 members and expects to obtain the necessary 11 to round out a full troop. Malcolm P. Fitt will have charge of the troop, but owing to his youth, Rev. Mr. Singleton will be registered as scout master.

The Chelmsford committee also reports much progress both financial and in organization lines. This committee is composed of Percy Kimball, Lewis F. Alden, Sidney Perham, Garfield A. Davis and Reid T. Ribley, who was at one time scout master in this city.

At the last meeting it was voted to publish the names of those contributing to the fund. The amounts that they contribute are not to be given out. The committee has ordered 600 stickers, which will be placed on autos in and about the city. A few stickers have arrived already and the remainder will be here in a day or two.

Leading Men Approve

In connection with the present Boy Scout drive in Lowell, it is interesting to note the feeling toward this movement by the leading men of the country. The following quotations from the personal statements of men prominent in the eyes of American

Atkinson Will Fill Present Vacancies in Police Department

The two vacancies in the police department for patrolmen will be filled in the near future, according to a statement made this morning by Supt. of Police Thomas R. Atkinson. The death of Patrolman Goggin and the resignation of Patrolman Taaffe, made vacancies in the department during the past week.

According to the usual custom the vacancies on the regular force are filled from the ranks of the supernumeraries. At the present time the superintendent feels that there are enough supernumeraries to take over the duties of the two regular patrolmen who dropped from the ranks. However, he has the matter under consideration and will make known his selections as soon as he decides upon the appointments.

Most of the supernumeraries are kept busy all of the time, as there are repeated calls for special officers and vacancies to be filled owing to sickness and vacations. During the winter there are many dances which require the services of an officer. While there are not one-half the number of events going on in the warmer months that call for policemen, the vacation period gives the "supernumeraries" plenty to do.

Chief Atkinson has sent to the civil service headquarters in Boston for a list of policemen eligible for the rank of captain. From this list, one man will be selected to fill the vacancy made when Mr. Atkinson was elevated to the position as head of the department. If present plans mature, Lieut. Alexander Duncan will be put in charge of the night desk at the station. As this position calls for an officer with a captain's ranking, it is logical to suppose that Mr. Duncan will receive the appointment. Working under this plan, Capt. David Petrie, who has been in charge of the night desk for the past year, will be given charge of the criminal department, according to Chief Atkinson. The chief also stated that he did not contemplate appointing but one captain.

Citizens should be most encouraging to the workers, as well as those who by their gifts make the work possible. President Harding: I am with the Scout movement heart and soul. It is an organization teaching the spirit of service and honor which we must always have in our citizenship. Theodore Roosevelt: There is a great necessity for teaching the Scout idea, and giving each boy that chance in life which ought to be the heritage of every American.

Woodrow Wilson: I have the most sincere sympathy with the Boy Scout movement. Whenever I see a group of these boys I feel proud of their manliness and cheered by the knowledge of the fine things which the organization represents.

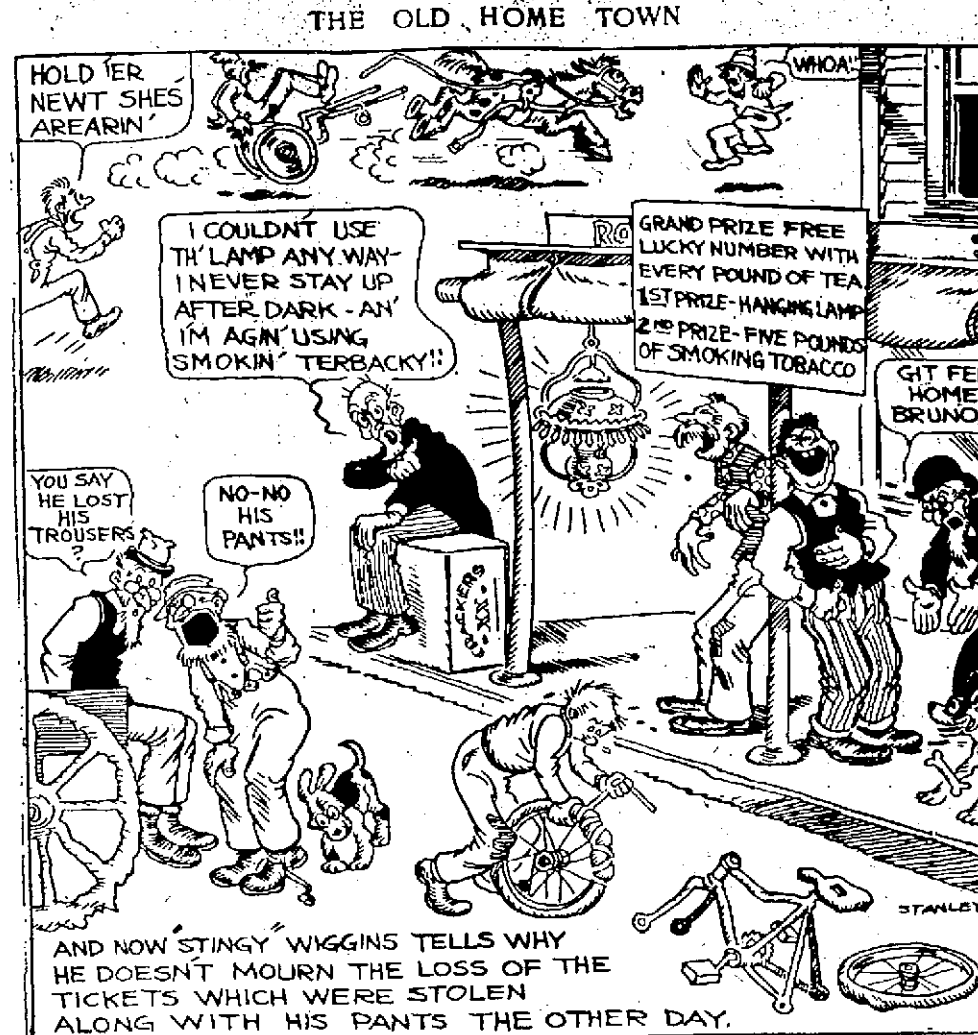

William Howard Taft: The Boy Scout movement has appealed to boys of every land and clime. The recognition of its effectiveness is world wide.

General Pershing: The Boy Scout movement has my unqualified approval. Samuel Gompers: The American Federation of Labor endorsed the Boy Scout movement eight years ago, and I am in hearty accord with the declaration.

General Pershing: The Boy Scout movement has my unqualified approval.

Pershing has no distilleries, breweries or saloons.

TEACHERS' ORGANIZATION HOLDS MEETING

Reports of officers, the election of representatives on the teachers' council and a social hour formed the program of a meeting of the Teachers' organization held in high school hall yesterday afternoon at 4:15 o'clock. As the reports and elections were pleasing to all in attendance and the social hour thoroughly enjoyable, the meeting, one of the last of the season, was a decided success. The attendance was greater, possibly, than at any other meeting throughout the school year.

The meeting was called to order by Miss Caroline M. Downey, president of the organization, and the reading of the reports followed. The treasurer, Miss Ella M. Dreen, reported a very satisfactory report; the secretary, Miss Katherine Kelly, reported a marked progress which enthused the members, and Miss Genevieve H. Lawrence, secretary of the teachers' council, offered a splendid report of that body's activities. Miss Downey, in her report as president, reviewed the season's meet-

ings and entertainments, which were of great benefit and enjoyment to the members. Following the reports, Miss Downey announced that the election of representatives on the teachers' council was in order, and the various groups gathered about the hall to select their representatives. It was finally announced that the election had resulted as follows: Masters and principals, Henry H. Harris; kindergarten teachers, Marietta Kling; continuation teachers, Thomas G. Gully; vocational teachers, Miss Esther Downing; high school men teachers, James Shanley; high school women teachers, Loretta McManmon; Miss Emma Bradley; special teachers, Miss Margaret Garvey; primary teachers, Miss Ellen A. Sullivan; Miss Carrie Bailey, Miss Panna Murphy and Miss Katherine Kelly; grammar school teachers, Grace Delany, Kathleen Dineen, Mary Lane, Esther Donlan, Anna Cawley and Margaret Fox. These representatives will meet in the high school Monday afternoon to organize and elect officers of the council.

Delicious refreshments were served throughout the social period, with songs of the younger teachers engaged in singing.

UNCLE SAM IS CALLING FLAG DAY OBSERVANCE

Second Installment of Federal Income Tax Assessment is Due Today

The second installment of the federal income tax assessment for the year of 1921 came due today. Those who have neglected to fulfill this obligation to the government had better get busy at once as a penalty attached for the failure to make the payment. Those who allow the day to elapse without making the payment will be required to pay the balance of the entire tax and forfeit the privilege of making the payment in quarterly periods. In addition to this, a tax of 5 per cent will be imposed upon the balance. The local deputies point out that quarterly and semi-annual payments are arranged to aid the taxpayer, but when he enters into such a contract with the government, he must live up to its terms or lose right to the privilege.

According to a report of the local deputies, the payment are not coming in as fast as in former years. This condition may be due to the fact that not as many people filed incomes this year as in former years. The local agents have no way of knowing, at the present time, just how many people are living up to their contracts. A number of the payments direct to the main office in Boston. The local men will get a report in a short time as to the number and individuals who fail to make payments.

Another important thing that the deputies wish to call attention to is the syrup manufacturers' tax and all special taxes requiring government stamps. These people have until July 1 to get in under the wire. There are a number of syrup manufacturers in this city who have not yet registered. They must register according to the edict of the government. Failure to do such, means the imposing of a penalty of 25 per cent on the amount of tax due. The local revenue men claim there are a number of people in the city who have not registered. It is the intention of the deputies to give these delinquents one more chance. If they are not registered before the first of next month the deputies will go through their lists and take the necessary steps for federal prosecution.

All those who have registered in the past will be required to register again as the federal fiscal year starts July 1 and ends on June 30 so that this coming registration will apply for the year of 1923.

The special taxes apply to such places as bowling alleys, establishments where there is a bar, auto livery, boats, haulers of narcotic drugs, theatres, shooting galleries and riding academies.

Those wishing to pay their taxes will find Deputies Russell Harrington, B. H. McKintley and Joseph L. Richards, in the postoffice from 9 until 12:30 on Monday mornings. There are generally four deputies on duty, but Deputy Donoghue has obtained a two weeks' leave of absence.

Veterans of Three Wars and Members of Auxiliaries Observe Flag Day

Veterans of three wars and members of auxiliary bodies look part in exercises in observance of Flag day last night in Memorial hall. Rev. H. E. Mason of Tewksbury delivered an oration to the flag and a number of G.A.R. men spoke of its glorious significance. The patriotic organizations represented included Posts 42, 120 and 135; G.A.R. Women's Relief Corps 33 and 75; G.A.R. Circle, No. 8, the Sons of Veterans and auxiliary, Spanish War Veterans and auxiliary, Veterans of Foreign Wars and auxiliary and the American Legion and its women's auxiliary. The director of the assembly was John Parker of the Sons of Veterans.

Rev. Mr. Mason's address was upon the theme, "The Flag as a Symbol of the Nation." He commented upon the significance of the stripes and stars and traced the struggle of the 13 original states for independence. Comrade Dudley L. Page for Post 42, Comrade A. C. Whitley for Post 120 and Comrade Matthews for Post 135 each read the great- ing of the organizations.

The program opened with an impressive introductory assembly of flags and a salute led by the three Grand Army posts. While the color-bearers formed in a crescent, the audience stood at attention and sang "America" under the leadership of Mrs. Charles F. Young. Near a lot of the program was given over to music, which included violin solos by Frank Toner and Wynfield Guild, with accompaniments by Miss O'Brien. Vocal solos were sung by Mrs. Young, Miss Mary McPartland and Miss Allen. Dances of a military nature were given by Miss Stella P. Miller and the Misses Egan and Edith McQuade. Miss Helen Miller, Miss Mary McQuade gave a flag dance and Miss Estelle Miller also entertained with solo dances. Readings by Miss Helen Casey and Miss Mary McQuade were greatly enjoyed.

The exercises were brought to a close with the singing of "The Star Spangled Banner" by the assembly.

These two plants are set forth in full detail by picture and plan and word in catalogue form—and like all Knight plans have always been successful. One is a large plant in full operation turning out the finest standard products of the Company and the other is a much smaller plant and was equally successful in its output but less than the product of the Company. Neither of these mills is an experiment—behind each is a half century of constant and continuous and uninterrupted operation and success seldom duplicated outside of this organization. The sale will take place on Tuesday the 27th day of June at 12 o'clock noon each day, upon or near the respective premises regardless of any condition of the weather. DEFINITE STEPS TO STOP THE SALE OF LIQUOR ON U. S. SHIPS

Cong. Bankhead Moves to Amend Merchant Marine Bill—Attorney General Daugherty to Be Asked for New Ruling—Sales to Continue, Says Lasker

WASHINGTON, June 15.—Definite steps through legislation to stop the sale of liquor upon American ships, were started today through presentation by Representative Bankhead, Democrat, Alabama, of an amendment to the merchant marine bill which would cut off government aid provided in the measure from any ship trying to sell liquor or beverages.

Attorney General Daugherty will be asked for a new ruling on the question of the sale of liquor on shipping board vessels. It was indicated today at the assembly.

Sales To Continue

WASHINGTON, June 15.—With Chairman Lasker adhering to his plan that the sale of liquor on shipping board ships at sea will continue until "he has been convinced of its legality," any action in the matter is left today to prohibition officials.

While the correspondence exchange on the subject between Mr. Lasker and Adolphus Busch III, vice president of Anheuser-Busch Brewery Co., St. Louis, continued to provoke discussion, it was reported that the first move to stop the sale of liquor on merchant vessels would be an attempt

to secure an amendment to the ship subsidy bill before the merchant marine committee. It was rumored that this probably would be made today, although its defeat there was generally predicted.

That the issue would have to be met when the subsidy bill is taken up in the house, however, was said by friends of the measure to seem certain.

Representative Upshaw, Democrat, Georgia, has publicly announced that he will offer an amendment providing that no part of the federal subsidy fund shall be used by steamship lines on whose ships liquor is sold.

Ready to Produce Witnesses

ST. LOUIS, June 15.—The Anheuser-Busch Brewing Co. is willing to produce witnesses to support charges that the United States Shipping Board is violating the prohibition law and the Volstead act.

The local company has made numerous requests for a congressional investigation into violations of the prohibition act. G. A. Remmers, general counsel said, and is prepared to produce witnesses to support their charges.

Saco-Lowell Shops Will Tear Down All Tenement Property Between Dutton and Worthen Streets

Contemplated Expansion Will Cover Big Area—Plans to Be Outlined to City Council This Evening—Company Will Seek Permission to Close Kitson Street and Part of Worthen Street

In order that it may have an opportunity for a natural expansion of its business on land in the immediate neighborhood in which it has carried on the manufacture of textile machinery for many years, the Saco-Lowell shops will petition the city for permission to close Worthen street, from Broadway to the canal bridge and Kitson street, with the idea of eventually

taking it over as a usable part of the present plant.

The idea will be outlined to the city council tonight in a formal communication from William H. Goldsmith, Jr., local agent, setting forth the plan the company has in mind for the development of the area in question and petitioning for the right to close Worthen and Kitson streets for the distances above mentioned.

The possible scope of the proposition is difficult to determine, for it is practically limitless. Basically, the plan, if it is carried through to its natural conclusion, embraces one of the biggest and most comprehensive manufacturing developments the city has experienced in years.

As was explained at the office of the plant today, the executive officers of the

CITY COUNCIL WILL INVESTIGATE MAYOR'S PURCHASE OF CAR

Pres. Bagley Instructs City Messenger to Notify Purchasing Agent Foye to Attend Tonight's Meeting—Councilor McPadden to Introduce Order Asking Mayor to Advise Council If Cost of Packard Has Been Charged to General Expense Appropriation

Dr. Patrick J. Bagley, president of the city council, today asked City Messenger Owen Monahan to notify City Purchasing Agent Edward H. Foye to attend tonight's meeting of the council in connection with some investigation the president intends to make of the recent purchase of the Packard touring car by Mayor Brown.

Also, at the meeting, Councilor John J. McPadden will introduce an order, asking the mayor to advise the council to what appropriation the purchase of the machine is charged.

In discussing his order today, Councilor McPadden said that he understands that the cost of the car has been charged to the general expense appropriation and he questions whether or any money can be taken from this fund without an order or a resolution first passed by the city council.

"I understand that the mayor has purchased this car and has charged the cost of it against the general expense fund. If so, I would like to know on what basis he figures that he may legally initiate a liability against the city to be paid from the general expense fund."

"My interpretation of the charter is that department heads have control of expenditures of their respective departments. The mayor has control of the expenditures of his own department and nothing else. The general expense

fund is to provide incidental appropriations that cannot be properly applied to any particular department. That being the case, the mayor has no more control of the expenditures from this fund than an individual member of the city council.

"No money can be appropriated or taken from this fund without an order or resolution first passed by the city council and approved by the mayor," continued Mr. McPadden. "It would be just as reasonable for an individual member of the city council to incur a liability against this fund as it is for the mayor to do so on his own initiative. Perhaps the mayor or councilor satisfactorily and I am interested to learn his explanation."

Following in the order that Councilor McPadden will introduce:

"In accordance with section 37 of the charter the mayor is hereby requested to furnish to the city council at his next meeting all information in relation to the alleged purchase by him of a new Packard touring car and to advise particularly from what appropriation or fund the cost of said car is to be paid; and if the cost of said car is charged against the general expense fund, to advise the city council what legal authority he has to incur a liability against the city from this fund without a vote first having been passed by the city council authorizing such expenditure from said fund."

FEDERAL AGENTS SEIZE FIVE ALLEGED RUM-RUNNING SHIPS OFF COAST

NEW YORK, June 15.—Five alleged rum-running vessels, plying between a steamer anchored in Narragansett Bay and American coast have been seized by federal agents, United States Attorney Haywood announced today. The seized vessels were the Ocean going tugs H. S. Lockwood and Kentucky and the barges City of Malden, City of Boston and Lormond. The tugs were seized in the harbor here. The Lormond was taken at New Bedford, Mass., and the other two barges at New London, Conn.

Says Bootlegging Charge Justified

WASHINGTON, June 15.—Continuation of the policy of selling liquor aboard American ships "justifies the charge that Uncle Sam is engaged in bootlegging," Representative Cooper, Republican, Ohio, declared today in a statement announcing he would support an amendment to the ship subsidy bill to stop it.

Ward Indicted For Murder of Peters

WHITE PLAINS, N. Y., June 15.—Walter S. Ward, millionaire baker's son, today was indicted by the Westchester county grand jury on a charge of killing Clarence Peters, ex-sailor, last May. Soon after the indictment was handed up, deputy sheriffs were dispatched to Ward's home in New Rochelle to place him under arrest. He has been at liberty on \$50,000 bonds.

Harding Unable to Come to New England

WASHINGTON, June 15.—President Harding who has had under consideration for several days invitations to go to New England next week to attend the Yale and Harvard commencement exercises, informed Senator Lodge of Massachusetts today that he believed it would be impossible for him to make the trip. The senator called on behalf of the two universities to urge the president's acceptance of the invitations.

Says Nation Faces Great Coal Shortage

SPRINGFIELD, Ill., June 15.—(By the Associated Press)—The state of the coal supply above ground "demands a conference of miners and operators in the very near future," John L. Lewis, president of the United Mine Workers of America said here today. The nation "faces a coal shortage of unparalleled intensity," Mr. Lewis declared, adding that "only the altness of summer weather is keeping the public from realizing the peril of the situation."

APPOINTED FOREMAN OF LETTER CARRIERS

Albert E. Willis, a letter carrier who has been covering the business route in Central street for some time, was today notified of his appointment as foreman of carriers, to succeed John J. Garrahan, recently promoted to superintendent of the postoffice motor vehicle service. Postmaster X. A. DeLille recommended this appointment some time ago, and has just received official sanction of Mr. Willis' promotion.

Mr. Willis has been in the postoffice service since 1905. He was born in South Acton, Mass., March 1, 1860, is married and resides at 64 Oakland street. His promotion comes as the result of long and efficient service.

CLASS DAY AT LOWELL NORMAL SCHOOL

Students of the Lowell Normal school who are members of the 1922 graduating class held their annual class day in the school grounds on Broadway this afternoon, beginning at 1.45.

The customary ceremony of planting of the Ivy, always one of the most significant features of commencement week, had to be postponed because of the rain. The ceremony will be held tomorrow forenoon, before the graduation exercises take place.

Other features of the day were the class banquet and the prophetic, history, statistics and knocks given by the graduates.

BIG DEMONSTRATION AT LAWRENCE MILL—FIVE PERSONS ARRESTED

Stones Hurlled at City Marshal as He Was Arresting Man—Largest Number of Pickets Since Beginning of Strike Assembled at Pacific Print Works

LAWRENCE, June 15.—Five arrests were made at the Pacific print works this morning during a demonstration by pickets aimed at a few men said to have been going to the plant to work. Mill officials estimated the number of pickets as the largest of the entire strike thus far. Two men were

charged with assault, one with intimidation, one with interference and one with throwing stones. The stone throwing is said to have been aimed at City Marshal Timothy J. O'Brien as he was making an arrest.

Last night, orders were issued at the One Big Union headquarters for massed picketing at the print works this morning.

NOTABLES MEET AT THE HAGUE

Europe Centered Its Hopes Today in Opening of International Conference

Dedicated to Task of Making Plans for Entry of Russia Into Concert of Nations

Failure of Efforts at Paris to Organize Loan for Germany Augments Pessimism

THE HAGUE, June 15. (By the Associated Press).—The first business session of the permanent court of international justice began here today. Ernest Pollock, attorney general of Great Britain, delivered an address commending the international efforts of nations to settle their differences, just as individuals do in courts.

Thursday, June 22, was set as the day when the court will begin consideration of the two questions referred to it by the League of Nations, namely, whether the Dutch rulers' delegate at the third international labor conference was nominated in accordance with the treaty of Versailles and whether the international labor bureau is competent to deal with agricultural and labor questions.

STIFF FIGHT IN MIDDLE OF LAKE

Rum Seizure Culminated in Battle Between Sleuths and Smugglers in Water

Auto Driver Backs Car Into Lake at Top Speed—Eludes Officer by Diving

Shots Fail to Halt Man—Officers Take Boat and Follow Him

BURLINGTON, Vt., June 15.—A rum seizure which culminated in a battle between dry agents and booze smugglers in the middle of the lake, was made early last night on Sand Bar bridge, near here, when Dry Agents J. M. Kelley and Frank Eaton, with State's Attorney Homer Keeler and Matthew Arnold of Bellows Falls, halted an automobile containing three brothers, Frank A. and J. Larzans of Ware, Mass. The car was found to contain a quantity of liquor, some of which was concealed under a false bottom in the machine.

The car was stopped without trouble but the excitement began when two of the men went into another car and Officer Kelley got in alone with the brother whose name begins with A. The man acted crazy and his next act was to back the car as far into the lake as it would go at top speed. He then eluded the officer, who was in water up to his neck, by diving.

Larzans proved to be an excellent swimmer and made for the broad lake at a high rate of speed. He succeeded in divesting himself of his coat and seemed able to swim without tiring. The officers fired a couple of shots at

EXCELLENT PROGRAM

Large Audience Enjoys Annual Entertainment by St. Patrick's Boys' School

Before an audience that taxed St. Patrick's theatre to its capacity, the 11th annual entertainment of St. Patrick's Boys' School was given last night, under the direction of the various brothers. The various numbers were pleasingly rendered by the young men, who justly merited the applause of the large and appreciative audience.

The first part of the program consisted of drills, songs and recitations, and the second part was devoted to one-act play entitled, "The Harvest Home."

An orchestra, composed of members of the alumni of the school, opened the program with an overture, which was followed by several numbers by the sanctuary choir, given in a customary strain.

A drill by the boys of the fifth grade was the third number and led by the third number and led by the third number.

China, piglets and all, their performance was admirably given.

A recitation, "The Irish at Fontenoy," was the offering of the ninth grade boys, the expression, gestures and enunciation being worthy of special mention.

The next number was a soldier and for impersonation by the members of the seventh grade, led by Daniel

George H. Page, Arthur J. Quinn, Edward T. Ralls, John F. Ryan, Thomas J. Sullivan.

The following names were on the roll of honor list for perfect attendance: John Ashe, Timothy Ashe, Francis Ashe, Anthony Bourassa, Raymond Broderick, James J. Ryan, John Copley, Thomas Cotter, James Cavanaugh, Edward Dalton, Francis A. MISOBELLANEOUS SHOWER

A very miscellaneous shower was given recently at the home of Mrs. Geo. W. Trott in honor of Miss Helen Stinchcomb, who is soon to become the bride of William J. Scotland.

During the evening refreshments were served while an entertainment in which Florence Tully, Mary Reilly, Marjorie Cullen, Katherine Kelly and Mrs. Ellen Mowatt took part, helped to pass the time in a most enjoyable manner.

A mock marriage was one of the features. Those in charge of the affair were Mrs. George Trott, Mrs. Frank Reilly and Susan Farrell.

THE CLASS ODE

Farewell, we are saying to one and all

As our days of departure draw nigh;

Our schooldays are over and we forward must go

With our courage and banners flung high.

Chorus—

Then forward together we'll go in a band

To stand for the truth and the right.

For the Normal school's with us where ever we may go

And we'll strive to be worthy, with might.

Our hours have been happy within the dear walls

And we leave with regrets and with sighs;

But we're called to our tasks and we forward must go

To serve with the honor we prize.

Words and music by BEULAH H. LINSKOTT.

Local Plant Plans Big Expansion

(Continued)

the company has no definite scheme of development in mind, for it has not been felt that such was possible until the land necessary actually was ready for consideration.

"It may be one month, it may be six months, or it may be several years before this new area is developed to its capacity," said Mr. Goldsmith, "but the fact that the land will be in readiness, might persuade the company to expedite matters more than would be possible if the land were not available."

It added that in all probability, if permission is secured to close the two streets, the job of removing the standing property would get under way very soon and once the land was cleared it would be at once used for storage.

It is not the plan of the Saco-Lowell company to tear down or remove the tenement property now in the area and to immediately erect a manufacturing plant on the site, but rather it is the idea of the corporation to avail itself of land it now owns and may have occasion to use should economic pressure become so great as to warrant and demand expansion.

For years, the Saco-Lowell shops have manufactured textile machinery in a more or less limited area, with no elasticity possible with its plant as laid out on the easterly side of Dutton street. To be sure, the Kitchin shop on the other side of the street belongs to the same corporation but that too, has been enlarged to the limit.

Particularly during the past 18 months, the Saco-Lowell company has broadened the scope of its manufacturing, by assuming the production of two or three important lateral parts of machinery being made. For instance, fliers that formerly were made in England, now are being manufactured here in a new building erected near the foundry on Jackson street and giving employment to approximately 100 men.

The old Sawyer-Carter Co. building in Worthen street, also has been acquired and at present thread boards are being turned out there that in the past have been manufactured outside of the city. Land has been hired for storage and more and more

the company has come to believe that unless available land in the immediate vicinity of the shop is secured, further expansion not only would constitute a problem, but, in reality, would be extremely difficult, if not quite impossible.

It was with this idea in mind, therefore, that the decision was made to seek the city's co-operation in the plan to acquire the entire area bounded by Dutton, Kitchin and Broadway streets and property of the Locks and Canals to the north.

As Mr. Goldsmith today pointed out, the company is the sole abutter to the streets that it desires closed, and this fact alone, he believes, removes a most important barrier to the feasibility of the plan.

Twenty feet on the westerly side of Worthen street and 25 feet on the easterly side adjacent to the canal bridge is property of the Locks and Canals.

"If the company did not own all the land that abuts on these streets," said Mr. Goldsmith, "I hardly think the plan would have been considered, nor would it have been considered if one or both of the streets to be closed constituted main arteries of travel for vehicular traffic. As it stands today, it is felt that Dutton street carries the peak of travel in that immediate vicinity and that, therefore, no real hardship would result if both Worthen and Kitchin streets were closed."

If the city should look with favor upon the plan and allow the petitioner's request, it is not possible to say just how soon the company would proceed with the development of the area. At the present time, however, the main yard of the plant in Dutton street is being used almost to the limit of its capacity for the storage of lumber. Not only is this considered a fire hazard within the gates of the plant, but it is not possible to remove it until such a time as other land is available.

As to the property now on the land it is hoped to develop, it is taken up by brick and wooden tenement blocks housing about 75 families. In its plans for expansion the company also has in mind properly caring for these people, all of whom are employees of the company. In fact, figures have been received on a proposition to move the materiel of the buildings for erection elsewhere.

FRANCIS O'DAY ELECTED CAPTAIN

Francis O'Day, a member of the junior class, today was elected captain of the high school baseball team for 1922. O'Day has played an infield position on the club for the last three years. An operation kept him out of the lineup during several games this season, but when he did return, Coach Dwyer shifted him over to first base, a position for which he seemed to be well fitted.

MATRIMONIAL

Miss Josephine Manning, daughter of Mrs. Mary Manning, of 333 Broadway, and Mr. Thomas Keefe, well known and popular young man, were united in marriage at St. Patrick's parochial residence yesterday afternoon at 5 o'clock by Rev. James A. Supple, D.D. The bride was attended by her cousin, Miss Norcen Manning, and the best man was Thomas Keefe, a cousin of the groom. The bride was attired in moonlight satin trimmed with silver lace pearls, and veil caught up with white ribbon. She carried a shower bouquet of bridal roses. The bridesmaid wore a gown of periwinkle blue, trimmed with pearls, and carried pink roses. The groom's gift to the best man was a pair of gold cuff links, and the bride presented the bridesmaid with a silver monogram bag. After the ceremony a wedding supper was given at the home of the bride, with Rev. Charles Barry, O.M.I., who recently sang his first high mass in St. Patrick's church as guest of honor.

Essential to the supper were relatives and friends from Boston, Roxbury and Springfield. Throughout the evening the many friends of the couple tendered them a reception, and they left for a wedding trip which will include visits to Springfield and Stamford, Conn., at 8:30, with a large crowd present at the station to bid them good luck. On their return about July 1 they will reside at 333 Broadway.

Sherburne-Bixby

The marriage of Mr. Harry M. Sherburne and Mrs. Elizabeth Bixby took place yesterday afternoon at the parsonage of the Pawtucket Congregational church, the officiating clergyman being Rev. A. G. Lyon. The witnesses were Mr. and Mrs. Harry Priestly, the couple will make their home in Wilder street.

Pierce-Peters

Mr. George F. Pierce and Miss Mary H. Peters were married yesterday afternoon at St. Michael's rectory, the ceremony being performed at 3 o'clock by Rev. James Lynch. The bride wore white cotton crepe with hat to match and carried bridal roses. She was attended by Miss Anna Flannery, who was attired in blue cotton crepe and carried sweet peas. The best man was Mr. Mark Flannery. After the ceremony the couple left on an extended honeymoon trip and upon their return they will make their home in Fletcher street.

Some of the 57 Sinn Féiners seized by British troops in Fermanagh headed for jail on a motor lorry, handcuffed in pairs, closely watched by armed guards.

Summer Training Camps Opened Today

WASHINGTON, June 15.—Summer training camps were opened everywhere over the country today, under army supervision for youths of the reserve officers' training corps, part of the machinery of the new defensive military policy set up in the National Defense act of 1920. The corps now includes approximately 100,000 young men under training to become members of the officers' reserve corps or officers of the National Guard and of these it is estimated that 7314 began today the summer work of intensive field training at the camps which is counted on to round out their classroom and other military work at schools and colleges.

Mlle. Lenglen to Defend Title

PARIS, June 15.—(By the Associated Press)—Mlle. Suzanne Lenglen, French tennis star, after consulting a heart specialist, has decided to overrule her father's edict, and announces that she will defend her world's singles title in the Wimbledon tournament. She will also play through the doubles and mixed doubles. "It is my most earnest desire to meet Mrs. Mallory again," were the first words uttered by Mlle. Lenglen upon her arrival from Dieppe, where she underwent an examination by Prof. Caron.

Golden Myth Wins Gold Cup Race

ASCOT HEATH, England, June 15.—(By the Associated Press)—Golden Myth, by Tredennis, out of Golden Lily, won the Gold Cup, run over a course of two and one half miles here today. Phiboyant was second, and Bullyheron third. Ten horses ran. King's Idler, ridden by Archibald, the American jockey, was unplaced.

American Minister to Austria Arrives

VIENNA, June 15.—Albert Henry Washburn, new American minister to Austria, arrived here yesterday and called immediately at the foreign office where he presented his credentials.

GUILFORD AND OUMET MEET BRITISH VETERANS

NEW YORK, June 15.—Two of the best known American amateur golfers, National Champion Jesse Guilford and former Champion Francis Oumet, both of Massachusetts, will meet the crack British professional veterans, Sandy Herd and J. H. Taylor, in the first match of an exhibition tour of the United States this summer. The Arco, N. J., Country club announced today that it had booked the event but the date is yet indefinite, depending on the date the Englishmen depart for this country.

GAINED WEIGHT AND STRENGTH

Women of middle age need a tonic and the experience of Mrs. J. D. Reynolds, of No. 14 Fonda avenue, Oneonta, N. Y., will be valuable to others who suffer as she did. Mrs. Reynolds says: "I think I overtaxed my strength for I became weak and tired. I had no appetite, to speak of, I worried a lot and my digestion was disturbed. My stomach was sour and gave me pain. I also had rheumatic pains in the shoulders, hips and right knee. "After I had taken several medicines with but slight benefit, I read about Dr. Williams' Pink Pills and tried them. After the first box I noticed that I was gaining in strength and had more color. This encouraged me to keep on. I gained weight and soon the pain was all gone and I no longer had the stomach trouble. I can recommend Dr. Williams' Pink Pills highly as they surely helped me greatly." Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.—Adv.

THE LOWELL MISSION
William R. Williamson, president, has received news that Rev. Jacob W. Powell, D.D., has been again re-appointed pastor of the Lowell Mission of the A.M.E. Zion church, and will meet all who are interested as members or friends of said mission at No. 10 Bleachery street at 7 o'clock Sunday evening, June 18. This is the Zion Mission which has carried on its work here for many years, and continuously since its re-establishment by Rev. Stephen G. Spottswood since Aug. 3, 1919. Weekly meetings will be continued with a view to the spiritual and social advancement of all, and looking toward the erection of a Lowell Mission chapel which is greatly needed.

**CONCERT BY PUPILS
OF PROF. BERGERON**

HOW TEACHERS WERE ELECTED

Twenty-three Ballots Necessary at Meeting Held Tuesday Night

Most of Superintendent's Recommendations Favorably Acted Upon

Believing that the election of 18 high school teachers at the meeting of the school committee Tuesday evening was of unusual importance and inasmuch as it was not possible to record the detailed voting by ballots in the report of the meeting, the schedule of the 23 ballots taken is given herewith.

In most instances the recommendations of Superintendent Hughley Molloy were followed, but in one or two cases persons recommended failed of election. Both Supt. Molloy and Henry H. Harris, principal of the high school, expressed regret that William A. Donovan and Joseph M. Donoghue failed of election. Both of these men have taught in the high school for the past year.

Academic Department

The following nine teachers were elected to the academic department: Joseph McAvinue, Charles Foley, Miss Ruth Boulger, Miss Louise McKenna, James J. Reynolds, Martin E. Connors, Kenneth Goward, Miss Ethelred Wilcott and Thomas Pyne. The 12 ballots as taken were:

First ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McAvinue; Mr. Lambert, Wilcott; Dr. Meehan, Connors; Mr. Mullin, McKenna; Mrs. Pearson, Boulger; Dr. Slaughter, McKenna; Mr. Sullivan, McAvinue; Mr. Riley, McAvinue. No choice.

Second ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McAvinue; Mr. Lambert, McKenna; Dr. Meehan, McKenna; Mr. Mullin, McAvinue; Mrs. Pearson, McKenna; Dr. Slaughter, McKenna; Mr. Sullivan, McAvinue; Mr. Riley, McKenna. No choice.

Third ballot—Mr. Delaney, Foley; Mrs. Donovan, Foley; Mr. Lambert, Boulger; Dr. Meehan, Reynolds; Mr. Mullin, Foley; Mrs. Pearson, Boulger; Dr. Slaughter, Mr. Sullivan, Foley; Mr. Riley, Foley. Foley elected, five votes.

Fourth ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McAvinue; Mr. Lambert, Boulger; Dr. Meehan, Boulger; Mr. Mullin, McKenna; Mrs. Pearson, McKenna; Dr. Slaughter, McKenna; Mr. Sullivan, McKenna; Mr. Riley, McKenna. Boulger elected, seven votes.

Fifth ballot—Miss Louise McKenna elected unanimously.

Sixth ballot—Mr. Delaney, Reynolds; Mrs. Donovan, Donoghue; Mr. Lambert, Goward; Dr. Meehan, Goward; Mr. Mullin, Connors; Mrs. Pearson, Connors; Dr. Slaughter, Connors; Mr. Sullivan, Connors; Mr. Riley, Connors. Connors elected, seven votes.

NEARLY KILLED BY INDIGESTION

"Fruit-a-lives" Restored Him to Perfect Health

SOUTH ROYALTON, VERMONT. "About three years ago, I began to suffer with indigestion. Food soured in my stomach, causing me to belch; and I had terrible heart burn."

I was knocked out and good for nothing, when I read about "Fruit-a-lives" and sent for a box. To my surprise and gladness, I noticed improvement and I continued the use of "Fruit-a-lives" or "Fruit Laxo Tablets" with the result that a dozen boxes made me feel like a new person."

Seventh ballot—Mr. Delaney, Reynolds; Mrs. Donovan, Connors; Mr. Lambert, Reynolds; Dr. Meehan, Reynolds; Mr. Mullin, Reynolds; Mrs. Pearson, Reynolds; Dr. Slaughter, Reynolds; Mr. Sullivan, Reynolds; Mr. Riley, Reynolds. Reynolds elected, eight votes.

Eighth ballot—Mr. Delaney, Donoghue; Mrs. Donovan, Donoghue; Mr. Lambert, Wilcott; Dr. Meehan, Wilcott; Mr. Mullin, Connors; Mrs. Pearson, Wilcott; Dr. Slaughter, Wilcott; Mr. Sullivan, Wilcott; Mr. Riley, Wilcott. Wilcott elected, six votes.

Ninth ballot—Mr. Delaney, Connors; Mrs. Donovan, Connors; Mr. Lambert, Connors; Dr. Meehan, Connors; Mr. Mullin, Connors; Mrs. Pearson, Connors; Dr. Slaughter, Connors; Mr. Sullivan, Connors; Mr. Riley, Connors. Connors elected, six votes.

Tenth ballot—Mr. Delaney, McAvinue; Mrs. Donovan, McAvinue; Mr. Lambert, McAvinue; Dr. Meehan, McAvinue; Mr. Mullin, McAvinue; Mrs. Pearson, McAvinue; Dr. Slaughter, McAvinue; Mr. Sullivan, McAvinue; Mr. Riley, McAvinue. McAvinue elected, five votes.

Eleventh ballot—Mr. Delaney, Donoghue; Mrs. Donovan, Donoghue; Mr. Lambert, Donoghue; Dr. Meehan, Donoghue; Mr. Mullin, Donoghue; Mrs. Pearson, Donoghue; Dr. Slaughter, Donoghue; Mr. Sullivan, Donoghue; Mr. Riley, Donoghue. Donoghue elected, five votes.

Twelfth ballot—Mr. Delaney, Donoghue; Mrs. Donovan, Donoghue; Mr. Lambert, Donoghue; Dr. Meehan, Donoghue; Mr. Mullin, Donoghue; Mrs. Pearson, Donoghue; Dr. Slaughter, Donoghue; Mr. Sullivan, Donoghue; Mr. Riley, Donoghue. Donoghue elected, five votes.

Home Economics Teachers

For the home economics department, Miss Susan B. Driscoll, Miss M. Helen Regan, Miss Jennie C. Meehan, Miss Blanche Boyle and Miss Agnes M. Dalton were elected on the following seven ballots:

First ballot: Delaney, Driscoll; Donovan, Lane; Lambert, Lockwood; Meehan, Lockwood; Mullin, not voting; Pearson, Lockwood; Slaughter, Lockwood; Sullivan, Driscoll; Riley, Driscoll. No choice.

Second ballot: Delaney, Lane; Donovan, Lane; Lambert, Lockwood; Meehan, Driscoll; Mullin, not voting; Pearson, Lockwood; Slaughter, Lockwood; Sullivan, Driscoll; Riley, Lockwood. No choice.

Third ballot: Miss Driscoll elected unanimously.

Fourth ballot: Miss Regan elected unanimously.

Fifth ballot: Miss Meehan elected unanimously.

Sixth ballot: With the exception of Mr. Riley, who voted for Gladys Storm, all voted for Miss Boyle, who was elected.

Seventh ballot: Delaney, Louise McKenna; Donovan, McKenna; Lambert, McKenna; Meehan, McKenna; Mullin, McKenna; Pearson, McKenna; Slaughter, McKenna; Sullivan, McKenna; Riley, McKenna. McKenna elected, seven votes.

Two ballots were necessary to elect Miss Mary E. Egan and Miss Carmen Hediker, teachers in the commercial department. Miss Hediker received five votes on the first ballot to four for Miss Egan. On the second ballot, with the exception of Chairman Riley, who voted for Miss Ruth A. Murphy, all members voted for Miss Egan.

Miss Georgia Blaisdell was unanimously elected a teacher of drawing.

PATRIOTIC ORDERS IN CONVENTION

BANGOR, Me., June 15.—With 1000 members in attendance, the patriotic orders of the state opened their annual convention here today, facing busy sessions but not without interesting social features. The organizations in session are the G.A.R., Sons of Veterans, Women's Relief Corps, and the auxiliary to the Sons of Veterans. Daughters of Veterans, the latter holding their annual meeting Tuesday.

Action on legislation now before congress will be among the business matters discussed.

Desirable Footwear

Go on Sale Friday Morning at HALF-PRICE

Within the past ten days, two most important shoe stocks have been absorbed by our BASEMENT SHOE STORE at very attractive prices—

That of GEORGE GAGNON, located at 510 Merrimack St., and THE JOHNSON SHOE STORE stock of 45 Gorham St.

Both well selected and comparatively new, this sale offers a wonderful opportunity to get footwear for the summer at a great saving. Reliable grades only are offered at this sale. Quantities only limited by the selling.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles; all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit. Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

MOORE REPRESENTS U. S.

First Annual Session of Permanent Court of International Justice

THE HAGUE, June 15.—(By the Associated Press.) The two chief questions coming before its first annual session of the permanent court of international justice, beginning today, are the French objections to the eight-hour law for farm laborers, and the protest of the Amsterdam Second International, socialist organization, that it was not considered in the selection of the Dutch labor member of the International Labor bureau.

Today's session is public and the first of a series which will continue for about a month. The United States was represented by John Bassett Moore.

Wishing Fr. Heaney continued success in his new field of work. In the course of the meeting routine business was transacted and an extensive report of the recent convention of the order was submitted by Miss Rose Ethel Garvey and Miss Mary K. Daley, who attended the convention as the court's delegates.

WILL TAKE PART IN "THE DICTATOR"

Miss Constance Jacob of Pleasant street, Groton, will take the part of Senora Juanita Arguilla in Richard Harding Davis' play, "The Dictator," which will be presented by the Dramatic club of the two-year course at the Massachusetts Agricultural college, Saturday, June 17, 1922, Bowker Auditorium, Stockbridge hall. It is a feature of the course that at the end of the year, the senior class present a play as part of the commencement program. The graduate class this year numbers 85 students.

LOWELL BOYS ARE PUT ON PROBATION

Before Judge Brown in superior court in East Cambridge yesterday, Russell Richardson and Herbert Veator, two local young men, pleaded guilty to the larceny of \$15. Frank Goldrup's auto three weeks ago. The boys were placed on probation and ordered to pay for the damages done to the car when it crashed into a tree. The court seemed satisfied that the theft was little more than a boyish prank and was not an out and out attempt to steal the car with the idea of selling it.

TOOL SHED BURNED

A tool shed, built by the Saco-Lowell shops and used by its employees who have gardens off Andover street, was burned to the ground last evening. When the blaze was discovered shortly after 9 o'clock, an alarm was sent in from box 815, but when the firemen arrived, the shed was practically demolished. There were two telephone alarms last evening, one at 8:26 o'clock for a dump fire on the Fair grounds, and the other at 10:30 o'clock for a rubbish fire at the corner of Chelmsford and Powell streets.

COUNTY OF MIDDLESEX Proposals for Coal

Sealed proposals addressed to the Middlesex County Commissioners and endorsed "Proposals for Coal," will be received by said Commissioners at the Court House, Lowell, until Monday, the 19th day of June, 1922, at 12 p.m., for a supply of coal to be delivered at the Training School at North Chelmsford, Mass., and at that time will be publicly opened and read.

All bids must be upon blank forms to be obtained at the office of the Commissioners, Court House, East Cambridge, and must give the prices proposed both in writing and in figures, and be signed by the bidder with his address.

Each bid is to be accompanied by a certified check for Two Hundred Dollars (\$200.00) payable to the County of Middlesex, said check to be returned to the bidder unless he fails to execute a contract should it be awarded to him.

All bids will be compared on the basis of the estimated quantities of coal needed which are as follows: 800 tons, more or less, best "New River" Coal, its equal, 2000 pounds to the ton.

50 tons, more or less, best Anthracite nut coal, 2000 pounds to the ton.

35 tons, more or less, best Anthracite Furnace coal, 2000 pounds to the ton.

The above is to be delivered at the Training School at North Chelmsford, at such times and in such quantities as the Superintendent may order.

The quantities are approximate only and the Commissioners expressly reserve the right of increasing or diminishing the same.

Specifications and forms of proposal and contract may be obtained at the office of the Commissioners, Court House, East Cambridge, Mass.

The Commissioners reserve the right to reject any or all bids, or accept any bid as they may deem best.

RESIGNS FROM HIGHWAY COMMISSION

(Special to The Sun)

BOSTON, June 15.—I wish I were a rock, A-setting on a hill, A-doin' nuthin' all day long. But just a-setting still. I wouldn't think I wouldn't eat, I wouldn't even wash— But just sit still a thousand years And rest myself, b'gosh.

This little jingle expresses the state of mind in which Frank D. Kemp of Springfield found himself recently, after 43 years of continuous work, and brought about his resignation from the office of commissioner in the highway division of the state department of public works.

Mr. Kemp received his appointment to the place on his 17th birthday, and last Friday he celebrated his 60th. Since he was 17 years old he has been constantly at work, and now retires in order that he may enjoy his first real rest.

Previous to his service as a highway commissioner, Mr. Kemp was chairman of the ways and means committee of the house of representatives and in that capacity reported the bill which established the present system of registering motor vehicles and their operators. In the first year of the operation of the system, the receipts were \$150,000; last year they had increased to more than \$1,000,000.

In the 18 years he has occupied the position, the department has constructed 700 miles of state highways, and has added municipalities in the construction of 1000 more. Its expenditures, for highway purposes alone, have been approximately \$32,000,000.

At the start of his term, the idea of constructing highways of asphalt with a tax binding had just come into vogue. In the comparatively short space of 13 years it was developed to its limit, and now it has largely given way to the idea that concrete offers the only material capable of standing, for a reasonable length of time, the terrific wear and tear imposed by motor vehicles.

But highways, according to Mr. Kemp, are not the greatest problem at present confronting the state officials. Rather is it the matter of providing bridges which will be safe for the traffic which they are unable to stand. At present, Mr. Kemp said yesterday, there are at least one hundred bridges in this state which are unsafe. Just how imminent the danger is on each one, it is of course impossible to say, but each five-ton load passing over a bridge brings just so much nearer the day when it will collapse, unless strengthened or rebuilt.

Not only are many bridges unsafe, but there are many which were built 15 or 20 feet wide, when the minimum width of safety is 26 feet. Immense accidents have occurred, due to the narrowness of bridges, and it is only a question of time, in Mr. Kemp's opinion, when the cost of such accidents will become so enormous that economy will necessitate improved conditions.

Under existing law, however, there seems little prospect of relief. Many of the towns in which long bridges are located, especially those over the Connecticut river, are unable to stand the burden of bridge improvement. Northfield, for example, has an 800-foot bridge, the cost of which is less than \$2,000,000. The county also has no funds for doing the work, and the state has no authority to do it. At least \$3,000,000 a year should be spent for several years in bridge improvements, according to Mr. Kemp.

It is the intention of the retiring commissioner to spend several months in absolute rest. He will probably take numerous fishing and hunting trips with Mr. Kemp, both being enthusiastic anglers and hunters.

Tennyson began writing poetry before he was 4 years of age. There are 17 national parks in the United States.

FLAG DAY OBSERVED BY LOWELL ELKS

With fitting ceremonies Lowell Elks, No. 87, B.P.O. Elks, last night honored the flag with exercises held in the meeting hall in Middle street. The exercises were the same as held by every lodge of Elks in the world.

The formation of the red, white and blue ball, a rite which tells of the purpose of each color in the flag, opened the ceremonies. Exalted Ruler John T. Durkin conducted these ceremonies. The history of the flag was delivered by James E. Donnelly, esteemed leading knight. Mr. Donnelly traced the history of the flag, from its making by Betsy Ross, down to the present time. He told of how it has always stood for the great things of the world and how its folds were never tarnished and never lowered in defeat. John P. Farley, P.E.R., delivered the oration.

Daylight Saving Permanent Fixture

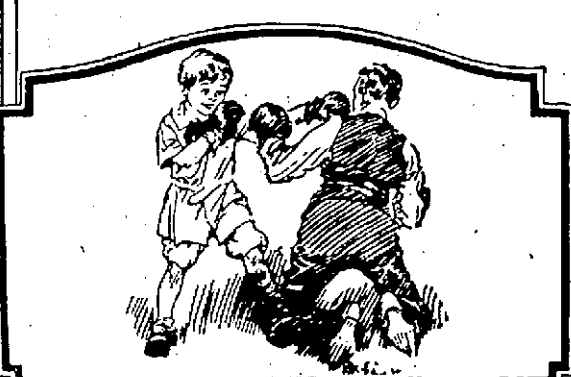

LONDON, June 15.—Daylight saving time in summer throughout the British Isles is made a permanent fixture through the passage by the house of commons last night of the "summer time bill." The measure which was adopted by a vote of 207 to 26, is similar to that in effect in other European countries.

Mail Bandit to Undergo Operation

PHOENIX, Ariz., June 15.—Roy Gardner, mail bandit, who several months ago began a 25-year term in Leavenworth penitentiary, plans to undergo an operation to relieve pressure on the brain, with a view to appealing for a pardon, the United States district attorney's office here learned. If the operation discloses that Gardner's career of crime was a result of a fractured skull, sustained while he was working as a miner, local officials regard as probable that a pardon will be considered.

WOULD AMEND CONSTITUTION

La Follette Says Federal Courts Have Wrested Sovereignty From the People

Calls Supreme Tribunal "the Actual Ruler of the American People"

Wisconsin Senator Addresses A. F. of L. Convention at Cincinnati

CINCINNATI, June 15.—Asserting that by a "process of gradual encroachments" the federal courts of the country have "wrested sovereignty from the people," Senator La Follette of Wisconsin in an address yesterday before the American Federation of Labor convention proposed an amendment to the constitution denying the power of lower courts to set aside a federal law as unconstitutional and providing for the nullification of any such decision by the supreme court by re-enactment of the statute.

Citing the recent decision of the supreme court holding unconstitutional the child labor law as "typical of the conduct of the federal judiciary and particularly the supreme court, whenever congress has sought to enact progressive and humane legislation, which was offensive to great financial interests," Senator La Follette said the supreme tribunal of the country was "today the actual ruler of the American people."

Five Men Supreme Rulers

"The law is not what they say it is," the senator continued, "and not what the people through congress enact. Even the constitution of the United States is not what its plain term declares, but what these nine men construe it to be. In fact, five of these nine men are actually the supreme rulers, for by a bare majority, the court has repeatedly overriden the will of the people."

"The nine lawyers who constitute the supreme court are placed in possession of power for life, not by the votes of the people, but by presidential appointment. President Taft was made chief justice by presidential fiat. Thus a man was invested with the enormous prestige and influence of chief justice by presidential appointment, who had been repudiated by the

WOULD NOT TURN IN BED

Operation Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying, 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache."

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."

voters of the United States on his record. No one will contend that he could have been elected chief justice by vote of the people. And yet Chief Justice Taft wrote the opinion that nullified the child labor law. He wrote the opinion in the Coronado Coal Co. case. In making this observation I level no criticism at the personnel of the court. I am not concerned with personalities. I am dealing with fundamentals.

In assuming to pass upon the constitutionality of congressional laws enacted by congress, the federal courts, Mr. La Follette said, not only are exercising a power nowhere conferred in the constitution but which the constitutional convention, he said, four times went on record as opposed to granting. When it was proposed that judges should have a veto vote upon federal legislation, "We have never faced the fundamental issue of judicial usurpation squarely," he said. "The time has now come to do so. It would require a dozen constitutional amendments to correct the evils of decisions which the court has handed down within the past three or four years."

PLEA FOR VICTIMS OF TURKISH CRUELTY

The Sun is glad to give space to the following communication and is in full sympathy with its aims. We had hoped that Armenia would be granted independence but the first arrangement made by the allies was upset and Armenia is once more under the control of the Turk, but let us hope a somewhat less ferocious taskmaster. The powers should insist that if Armenia is not given her freedom she shall be treated with fairness and a degree of humanity that is rare under Turkish sway.

The communication:
Lowell, June 12, 1922.
Editor Lowell Sun,

For five centuries the unspeakable Turk has exercised his bloodthirsty rule over non-Turk and Christian nations. The nations he ruled over were ancient and were civilized and the names of those nations are mentioned in all books, from the Good Book down. Thanks to the great war the same Turk has become less powerful and the Christian nations of Asia Minor have seen a light of hope which although small still gave them courage to wait and struggle for a complete independence.

That light is slowly falling under the blow of expediency and misconception of safety and tranquility in international relations. Those nationalities are to be again delivered to the destructive rule of the Turk. The massacres of helpless Armenian and Greek women and children, and of old people unable to defend themselves, has been often related. It is unnecessary to repeat the sad tales here. The acts of these barbarians are to be investigated by a committee in which the United States shall also be represented and a better report shall be furnished to the American public which will not help, but only state what our brethren have suffered and still suffer in the hands of the Turk.

May we through your paper, appeal to the brothers in Christ of all the other Christian denominations to make this subject of the Christian brotherhood and solidarity the subject matter of their sermon? Our only hope is the timely intervention of the United States whose people are inspired by Christian ideals and we feel sure that if the good Christians attending church learn of the misfortunes of other Christians, they will do much to help us.

The Near East Relief and other Christian organizations feed and clothe thousands of our destitute and hungry refugees in Asia Minor. The thanks and prayers of the little hungry mouths and of the old and weak are acceptable to the Almighty, but if those children and women and old people are again returned to the rule of the Turk, not many shall be left to be fed, clothed, or be thankful for.

In Sunday the Greek and Armenian communities are going to hold a mass meeting of protest against any action which tends to put the Christian nationalities under the Turkish rule. May we hope that you will deal with the subject editorially and so feel that in our feeble protest we have the good will of the American press?

Thanking you for whatever you will do for a cause which is just, we are sir,

Very respectfully yours,
For the Joint Committee of Armenian and Greek Relief,
REV. JAMES NICOPOLITAN,
Priest of the Armenian Community.
REV. GEORGE MENENPOULOS,
Priest of the Greek Orthodox Community of the Annunciation.

THE STRAND

An outlaw who does not deserve the title—this is the character portrayed by Justin Farnum in his newest photoplay, "Iron to Gold," which is being shown for the week-end at the Strand. The reason that he is called an outlaw is because he refuses to be sent to prison because of a miscarriage of justice. He is publicly vindicated at the end of course, but not until he has experienced many adventures of a most exciting brand. Incidentally he wins the heart and hand of a maiden in so doing. Two scenes are laid in a small mining town and in neighboring hills. There is a goodly sprinkling of delightful comedy to relieve the tension of the main theme.

From a pathetic little wail in the streets of London to a popular dance, affianced to a fine, upstanding American of wealth, is the long arid of Shirley Mason in "Jackie" a photoplay based on a novel by Countess Baryznaka, which is rounding out the remainder of the program for the week-end. You will also enjoy the comedy and weekly. When it's cool it's comfortable. Try the Strand. You get that and a superior picture entertainment at popular prices.

MERRIMACK SQUARE THEATRE
Beena Owen and Matt Moore, two of the time favorites of the movie stage, are starring in "Helen," the big dramatic feature now playing at the Merrimack Square Theatre. The

second feature is "Midnight," one of Constance Binney's most entertaining productions.

"QUEEN OF SHEBA" COMING
"Queen of Sheba" a William Fox super-special which enjoyed a sensational run on Broadway, New York, is booked for the Merrimack Square Theatre beginning next Sunday. It is described as a stupendous spectacle and a great love story. New York critics hailed it as one of the greatest photo-dramas ever produced. It showed to crowded houses throughout the run, until taken off to make way for another of the Fox specialties. It is declared that the pageantry of "Queen of Sheba" is unsurpassed for magnificence on the screen, and that

few such thrilling spectacles as the chariot race ever have been presented in motion pictures.

The filming of "Queen of Sheba" took an entire year. Throughout the period a huge force of workers in many lines of endeavor was employed, and in addition every member of the Fox organization on the west coast—actors, clerical workers, artisans and all—looked a personal interest in the project. The stupendous production and least their aid to it. Tom Mix, for instance volunteered his services in rendering the chariot race thoroughly realistic. The construction of massive sets, the designing and making of the elaborate costumes, the perfecting of

the dances, meant a vast deal of labor, and the difficulties in the way of completing the production on the scale originally planned seemed insuperable. They were overcome, however, and "Queen of Sheba" given to the screen.

Betty Byrne appears in the role of the Queen; Pitts Lieber, the noted Shakespearean actor, is King Solomon, and Clair de Lorenz is Queen Amarath, wife of Solomon.

LOWELL WOMAN KILLED BY TRAIN

Mrs. Sarpoochy B. Aslanian, aged about 30 years, was almost instantly

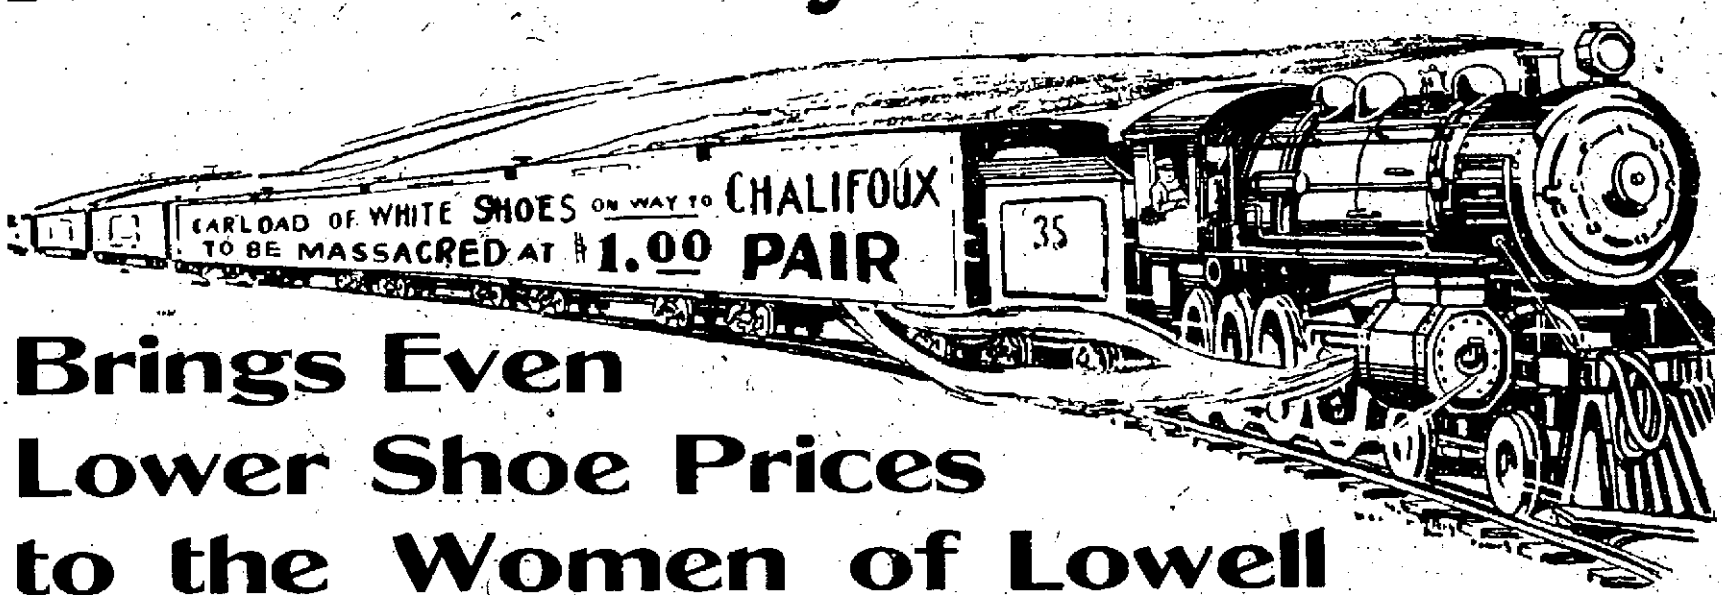

killed yesterday afternoon near the Sixth-Arch bridge by a south-bound Boston and Maine train. She was employed as a housewife at 22 Lawrence street.

According to the story given out by Medical Examiner T. B. Smith, the woman, with two companions, was gathering green grapes "leaves" the two women with Mrs. Aslanian. Mrs. E. H. Saboulian of 150 Charles street and Mrs. Zaroochy Tavastian of 18 Lawrence street, made their way across the tracks in safety, but the victim was less fortunate and was struck by the on-rushing train. Owing to the hysterical condition

of the dead woman's companions it was impossible to identify her until several hours after the accident. Identification was made by Mrs. Saboulian's husband, who is employed as a barber at 285 Central street. The body was removed to Healey's undertaking parlors.

TO RAISE ENDOWMENT FUND OF \$1,000,000

CAMBRIDGE, June 15.—Plans for an immediate campaign to raise an endowment fund of \$1,000,000 for the Episcopal Theological school, were announced by Bishop Lawrence of the diocese at the annual banquet of the school's alumni last night.

Bishop William Lawrence of the Massachusetts diocese, has accepted the chairmanship of the fund and B. Preston Clark of Boston will be the chairman of the executive committee. Bishop Lawrence will give the major part of his time to the campaign, turning over the administration of the diocese to the Rev. Dr. Charles L. Flattery, bishop coadjutor-elect of the diocese.

Unable to attend the banquet owing

to a slight illness, Bishop Lawrence sent a message to the alumni in which he said: "I have been asking myself the question which many friends will ask: Why do I, at 72 years of age, and just at the time when relief from heavy routine is in sight, withdraw from spiritual work in order to raise a lot of money?"

"The one great need of this country, ranked as it is with moral, financial, industrial and spiritual problems, is leaders, men of force, character and devotion. While the immediate goal of this campaign is \$1,000,000, the real purpose is the increased facilities for the production of spiritual leaders."

YESTERDAY'S AUTO ACCIDENTS REPORTED

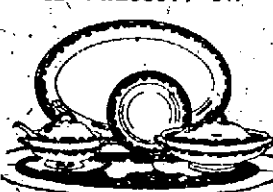

R. T. Smith, a boy residing at 1 Calvin street, had a narrow escape from injury yesterday afternoon when, while riding his bicycle in Rogers street, he ran into an automobile operated by Dr. T. B. Delaney. One of the wheels of the bicycle was smashed in the collision.

George Bertrand, a boy residing in this city, was struck and knocked down by an automobile in Lilley avenue yesterday afternoon, but he escaped without any injury. The automobile is owned by Henry Beaupreant of 97 Ludlam street and was being operated by Harry Maille of 19 Lilley avenue, who claims that he struck the boy after avoiding colliding with another automobile.

Royal J. Langan of 5 Cedar street reported to the police that while driving an automobile owned by Thomas McInerney of 16 Walnut street yesterday afternoon he killed a dog owned by a Mrs. McGuire of Gorham street.

GEN. EDWARDS SPEAKS

Urges Military Training in Address Before Norwich Graduates

NORTHFIELD, Vt., June 15.—This country has been engaged in war one year out of every six of its existence

and has a long list of "unnecessary dead." Major General Clarence R. Edwards, commander of the First Army Corps area, declared today in an address before the graduating class of Norwich university. The general advocated military training for the youth of the nation.

"We must remember that if we depart from the traditions and ideals of the founders of our government," Gen. Edwards said, "and allow the youth of our country to adopt strange ideals and to become inoculated with new theories that the day is not far off when, by their votes, they will change

the very structure of our government itself and thus destroy us as a nation. Every citizen owes it to himself and to his country to be prepared to serve his people whether that service be performed on the battlefields or in the council chambers."

GREEN'S DRUG STORE

Makes Remarkable Offer to Any Person in Lowell Who Is Weak, Sick, Nervous or Run-Down.

It is Now Possible For You to Come to This Store, Buy a Regular \$1.10 Package of Nuxated Iron for 79c, Use It For Two Weeks, and If at the End of That Time You Have Not Received All, and Even Greater Benefits Than You Expect, Simply Bring the Wrapper Back to Green's Drug Store, and We Will Cheerfully Hand You Back Your Money.

Lowell people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack iron in their blood. At a recent conference, Dr. James F. Sullivan, formerly physician of Bellevue Hospital (Out Door Department), New York, and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart or stomach trouble, kidney disease, nerve force exhaustion or some other serious ailment. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy, that we recommend that you come right to Green's Drug Store and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.—Adv.

MORE LOWELL YOUNG PEOPLE GRADUATE

The lists of Lowell graduates from institutions of higher education, rapidly assuming large proportions, was increased today by the addition of the name of Miss Ruth H. Munson, who graduated from the Massachusetts Normal Arts school. Miss Dorothy Wright, who graduates next Wednesday from Hopedale college, and Donald B. Willard, who will graduate from Tufts college next Monday, will also make notable additions to the lists.

Miss Munson, the daughter of Mr. and Mrs. Ellsworth L. Munson of 117 Branch street, has specialized in teaching, and in the fall will begin work at an Exeter, N. H., seminary. Miss Wright, the daughter of Mr. and Mrs. Arthur A. Wright of 108 Myrtle street, will receive the A.B. degree. She has specialized in modern languages and economics, and during the summer will take a course in the Bryant & Stratton school in Boston.

Mr. Willard, who is the son of Mr. and Mrs. Nelson B. Willard of 12 Purfer street, has made a special study of English. At Tufts he is president of the Phi Delta fraternity.

KIDNEY AND BLADDER TROUBLES HAVE TO GO

Clogged up kidney deposits are dissolved and the toxins (poisons) completely driven out. Druggists Told to Guarantee It in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 (Liquid or Tablets) is not recommended for everything but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water, night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you. Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with un-failing certainty.

Never mind the failures of the past if you even suspect that you are subject to kidney disease; don't lose a single day for Fred Howard, 187 Central street, A. W. Dows and every good druggist has been authorized to return the purchase money on the first bottle to all who state they have received no benefit.—Adv.

This Fall we will again operate all our Chester Clothes Shops on the original lines we so successfully inaugurated when we first started. **Every suit just one price.**

We got away from this policy during the war, because conditions compelled us, and sold clothes as high as \$60 and \$75—they were the finest in the country at that price, but that's over with as far as we are concerned. We are again going to concentrate all our efforts and energies and resources to the one idea—of just **ONE PRICE**, the lowest possible price at all times and the best clothes in the world at that price.

Hence This Clean Up Sale---

CHESTER CLOTHES are always less in price than equally good quality clothes elsewhere, and the tremendous savings that these reduced prices offer will be quickly taken advantage of by men who know values. So please try and come early, while selections are fully complete.

SPORTS OF ALL SORTS

The Highland Daylights, who have not played a game this season, will tackle the Y.M.C.I. team tomorrow night. Manager Lord is anxious to get his team back in its winning stride and plans to present his strongest lineup. The team lost to the Knights of Columbus in its last game, played a week ago tonight, but previous to that setback had won all but the opening game of the season.

Bridgeford of the Daylights is crowded in the line-up among the league battlers. In the averages announced yesterday the boy from across the bridge has the lead, but as Bridgeford has played in more games, he feels confident of soon passing Mack.

Fred Flynn of the C.Y.M.L. is working night and day on plans for the big C.Y.M.L. track meet on the South common Saturday afternoon. Already a large list of entrants has been received, but as the list is not yet closed, he expects more will fill out their blanks before tomorrow evening. A fine list of prizes has been secured for the meet.

All New England boxing fans are in-

terested in the bout to be staged by the Arena A.C. in Boston next Monday night, when Jack Malone and Mickey Walker, two of the best men in the game in their weight, will top off a high class bill.

With the count even—Stephen between Phiney Boyle and Young George Gardner, now, there would like to see the pair perform in a rubber battle. Gardner won the first meeting by a shade, while Boyle was in old time form in the second bout and coupled off the honors by a wide margin. Gardner's friends claim he was down too fine in the second meeting and aver that in another bout their favorite would reverse the result. Boyle's supporters talk enthusiastically over the Agre and the Moody club has "gone on a vacation" for the not weather, it appears that the bout will have to remain in the "incubator" for a time.

Reports have it that Phiney Boyle and Louis Hamilton are soon to meet in an open air bout in Nashua. This number ought to prove a big attraction as both boys have a large following.

CENTRALVILLES KNOCKED OUT OF FIRST PLACE BY Y.M.C.I. TEAM

Belvidere Boys, Led by Eddie Cawley, Hand "Wrecking Crew" 4 to 1 Beating—New Players Make Good—Haywood's Timely Hit in Sixth Drives in Two Runs

The mighty Centralvilles dropped a rung in the Twilight League standing last night, when they took a first class trouncing from the strengthened Y.M.C.I. team to the score of 4 to 1 at the end of six innings. Cawley, their old teammate, had much to do with the surprise party given them on the South common diamond last night. The addition of Jimmy Gagnon and Charley Comiskey gave Belvidere boys a real outfield and a formidable batting order.

Sammy Poultz was on the firing line for the leasers of the Centralvilles, except in the sixth, when a brief letup on his part, following an error in the outfield, sent the Y.M.C.I. boys hustling around the bases. Jimmy Gagnon, who started for the Y.M.C.I., went along fairly well until the sixth, when the first man up, Arthur Lynch, drove the ball to the center field, limits for two bases and although Lynch was thrown out trying to stretch the hit to a triple, Cawley took no further chances, but sent the runner in, and he scored himself, ripping the rally in the bud.

The Centralvilles led off with a tally in the first inning. Left two, and Connors singled, left went to third on Walter Foy's slam to the same territory. Walter taking second on the throw to get Connors at right, and scored on Ray Foy's hit to right center.

This was the end of scoring activities until the fourth, although each inning, at least one man on base was in line. In the last of the fourth, with one out, Jenkins reached the first station on a scratch hit, while Connors, on third on Cawley's hit, to the left garden, and scored on Jim Liston's long fly to clarify, tying the score.

In the sixth, with the Centralvilles behind by Cawley's entrance to the box, the Y.M.C.I. took on a more aggressive front. Cawley started the fireworks with one out, by driving a long fly to right center, in which the latter dropped. Liston singled to left center and took second when Cawley beat the throw to third. Cawley scored on Chitt's infield out, and Liston took third. McAdams was hit and immediately scored second, and Ray Liston was scored, hitting the bases. Lingwood, who lined at at third after Cawley went in to the box, drove a single to center, sending in two more runs. The party ended with Cawley's strike out.

In the first of the seventh, Gagnon struck out. Connors hit to center for

one base, but the next moment was the victim of a double play. Cawley to O'Day to McAdams, when Walter Foy hit a sharp grounder, which Cawley grabbed far over his head.

As the result of this second disaster in a week the boys outfit now assumes second position in the race, with Louis Hamilton and Highland Daylights in the lead. The score:

Who Wins—Frisco, Comiskey, McGraw?

JOHN MCGRAW (UPPER) AND CHARLEY COMISKEY
BY BILLY EVANS

Charles Comiskey refuses to be outdone by John J. McGraw.

Last fall the manager of the New York Giants created a sensation in baseball circles by announcing the purchase of First Baseman Jimmy O'Connell of the San Francisco club for \$75,000.

It was the highest price ever paid for a minor league ball player. Immediately O'Connell became the most talked about individual in the game.

While O'Connell first won fame as a first sacker, in all probability he will be used in the outfield by McGraw.

Now, just as the edge has died off the O'Connell deal, the White Sox owner goes McGraw twenty-five thousand simoleans better.

The Chicago club has completed a deal with the San Francisco club for Third Baseman Willie Kamm for a price said to be \$100,000.

It is a rather strange coincidence that these two high priced athletes should hail from the same minor league club, San Francisco.

The native son of California's perhaps give the old climate the credit.

Can They Make Good?

What will the harvest be from this fabulous outlay of money on the part of the New York Giants and the Chicago White Sox?

Will the fabled McGraw and Kamm be able to make good on all the nice things that have been said about their diamond ability?

Will the fancy prices that have been paid for these two youngsters, coupled

with the widespread publicity, affect their play?

Time alone will tell.

The other day a prominent minor league manager showed me a letter that he received from Jimmy Byrnes, former catcher of the Philadelphia Athletics and now scout on the Pacific coast for Connie Mack.

"This fellow O'Connell is a great ball player," writes Byrnes, "he can do everything well."

McGraw made no mistake in landing him regardless of the price paid. O'Connell can hit, throw and run.

"You will laugh when I call him a second Ty Cobb. There have been a lot of second Ty Cobbs and most of them have failed."

McGraw and O'Connell will make good beyond doubt. He will remind you of Cobb in many ways.

That makes it look pretty good for O'Connell.

Recently I have been paired up with Umpire George Hildebrand, a native son of California, who calls San Francisco home. When the sale of Kamm to the White Sox was announced, I asked him about Kamm's chances.

Wonderful Hands

"Kamm is a great ball player," replied Hildebrand. "He will make good. He has a great pair of hands. When he goes after a ground ball, no matter how difficult it is, you are never surprised when he gets it. The only surprise possible is when he doesn't get it. He is one of the surest men on ground balls I have ever seen. Has a wonderful pair of hands."

All of which makes it seem that neither McGraw nor Comiskey erred in their purchase.

Willard accuses Dempsey of "Dodging" a Return Match With Him

LOS ANGELES, Cal., June 15.—Jess Willard, former heavyweight champion pugilist, in a statement published today by the Express accused Jack Dempsey, present champion, of "dodging" a return match with Willard.

Local sport followers consider Willard's statement an open challenge to Dempsey.

"Dempsey and Kearns fear me and have been designing a return match with me since I won the title," Willard's statement charged.

"I haven't alibied my defeat at Toledo. I was beaten fairly and squarely. I was never under a return match. Many thought I was not in condition at Toledo. I wasn't, but that was my fault, and that is one of the reasons I want another chance at Dempsey. I can beat him if properly conditioned."

"The other was my trouble getting me signed up for a return match with Dempsey. I was signed up with Rickard and Dempsey, through his manager, Kearns, and the match. They went after Carpenter and sidetracked me."

"I believe I am entitled to another match and will work hard to win. There isn't any reason why Kearns and Dempsey should not come to Los Angeles and understand with Rickard and we could agree on a proposition tomorrow, so the next move is up to Kearns."

Ken Gives Up Hope of Making 59 Homers

ST. LOUIS, June 15.—(By the Associated Press) Kenneth Williams of the St. Louis Browns, whose spectacular home run batting early this season brought up the question of whether he would dethrone "Babe" Ruth as home run king, today told the Associated Press that he had given up hope of equalling Ruth's 1921 record of 59 homers.

"I believe no one will ever equal Ruth's record of knocking out 59 home runs in one season," he said. "I think today is eight home runs behind last year's record of Ruth, the Bambino having 23 to his credit a year ago today, while Williams has 15."

Although he leads the major leagues with his 15 four base clouts, Williams said he had fallen into a heavy batting slump since the latter part of April when he had only four home runs in the past six weeks.

Major League's Promise to Pass the 1000 Mark for Their Collective Efforts

Giants Made Five Homers

Yesterday—Two by Catcher Snyder—Braves Lose

NEW YORK, June 15.—Even though Babe Ruth isn't setting the home run pace this season, due to his belated start, the major leagues promise to pass the 1000 mark for their collective efforts, if the present pace is maintained. The season is one-third gone, but 24 circuit slugs have been registered, 155 in the National and 189 in the American, and the opportunity to eclipse last year's mark of 936 seems bright.

Five For Giants Yesterday

The Giants registered five home runs yesterday, and a total of 18 hits in swamping Pittsburgh 13 to 0, and increasing their lead to five full games over the Pirates. Snyder collected two and Irish Meusel whiffed out his seventh. Shute Phil Dugan, held his rivals easily in check.

Harry Hellmuth of the Tigers and Tillie Walker of the Athletics, have up the circuit slugs. The Detroit slugger's hit aided his team to take the first game of the series from the Yankees 6-5, Sam Jones dropping his seventh straight start, but Walker, who also rapped out two other hits, could not stop his club's streak and the White Sox won, 6-5 with Faber pitching.

Browns Close In On Yanks

George Siders' homer, with the bases loaded, featured a St. Louis rally, 7-6, and climbed to within a game and a half of the Yankees.

The Braves experienced a sudden reversal in form after a brilliant winning streak, and were victims of a Chicago slugfest, 15-2, with Statz starting at bat and afield, while Dazzy Vance and the Chicago slugger, Inoué, checked St. Louis, 4-0.

Coveleskie outpitched Rip Collins and Cleveland blanked Boston 3-0, but the victory cost the Indians the victory of their hard-hitting second baseman, Stephenson, who sustained a smashed finger and will be out for some time.

SISLER FIRST TO MAKE 100 HITS

ST. LOUIS, June 15.—George Sisler, first baseman for the St. Louis Browns, was the first major league player to make 100 hits this season, having passed the century mark yesterday in the game with Washington.

NEW YORK, June 15.—Jim Thorpe has dropped another notch down the scale in his checkered baseball career, but the famous Indian athlete still retains the spectacular ability that won him world honors as an all-round athlete.

Yesterday, in his debut with the Hartford team of the Eastern league, the versatile redskin was the individual star of a 13-inning game which his team won, 4-3, from Springfield. He clouted out four hits, including a double, in five times at bat; scored a run, registered a stolen base and started a double play after a brilliant outfield catch as his share in the victory.

Radio Amateur, Stranded in Desert, Puts Phone Set to Novel Use

BY PAUL F. GODLEY
America's Foremost Radio Authority

Have you ever been stranded in a broken-down auto many miles from a house or telephone?

A radio amateur once found himself in this predicament—with a snapped rear axle in an Arizona desert, some 40 miles from the nearest phone, with no possibilities of meeting any passersby for 16 hours!

There was nothing to eat and no water to drink. The sun had gone down; the coyotes were beginning to cry in the hills.

The only signs of civilization were a few telephone wires supported on steel poles, as they took a short cut over the hills and valleys, and a lonely tin shack left some years before by government surveyors.

A Way Out

The problem was how to so alter the circumstances with the resources available as to make it possible to get to a hotel where food, shelter and rest awaited. Thoughts of spending the night on the desert without nourishment and with no sleeping equip-

ment were not lightly put aside. There was a baby in the party.

To this amateur, the telephone line suggested connection, providing the proper apparatus were available. The only other thing to be seen which was not scenery was the tin shack.

A mountainside was climbed, and the shack entered. Good fortune had left an antiquated type of telephone within the shack. Years of idleness had rotted the cords. The batteries were worthless. The ringing device would not operate.

But the magnetic telephone receiver was still intact and in good condition. It was taken out and examined, carried aloft on the telephone pole, and connected across a likely looking pair of wires.

A few seconds later a beautiful voice said, "Hello, Phoenix." No opportunity was given for further conversation here. This amateur immediately interrupted, explaining rapidly to the Phoenix operator who he was, and the nature of his predicament.

Rescued

She was interested and agreed to arrange to send garage men with spare parts and food, and she kept

her promise. Three and a half hours later, these men put in their appearance, and by half past 3 in the morning, the 60 miles between the lonely desert location and Phoenix had been covered, and the entire party was deep in slumber.

The stage drivers between Globe and Phoenix today carry magnetic telephone receivers for just such emergencies. They got their idea from a radio amateur.

Many times circumstances will warrant the use of telephone lines in this way, and the radio magnetic telephone will turn the trick.

MERCANTILE MARINE CO.

NEW YORK, June 15.—The long delayed preliminary report of the International Mercantile Marine Co. for 1921, issued yesterday at the annual meeting of the stockholders, discloses estimated net earnings of \$1,076,435, against actual earnings of \$1,744,019 in 1920.

Total net earnings, plus dividends from subsidiary companies after deducting taxes, general expenses and bond interest, amounted to \$8,176,584 against \$9,075,752 in the previous year. President Franklin in a statement to the shareholders said that the outlook for 1922 was far from encouraging.

HELPLESS FROM RHEUMATISM NOW WELL AND STRONG

Now Walks Well as Ever—
Gives Credit to Weldon

WANTS OTHERS TO
KNOW ABOUT RECOVERY

"I am only too glad to tell others how I recovered from rheumatism after being helpless from the disease." So said Mrs. E. E. Bain, who lives at 606 Columbus avenue, Boston.

"The pain and stiffness involved my knees, ankles, arms and shoulders. I was unable to get out of bed or do anything to help myself. The pain at night was so severe that it was impossible to get any rest. To even touch my joints would bring on a paroxysm and it was necessary to place pillows between my knees to get any relief. My shoulders were so involved that I could not raise my arms to my head; they were sore, stiff and weak. My case was evidently too severe for the ordinary remedies to reach. Reading so much about Weldon, I secured a package from a drug store and to my surprise the pain and stiffness began to leave me. By continuing the treatment I was soon able to walk and get about as well as ever. I cheerfully recommend Weldon."

Weldon is a scientific preparation for rheumatic conditions and has well been called the "Wonder Worker" for rheumatism—one trial proves it. Send to Weldon Co., 132 Boylston street, Boston, for free book "Germs of Rheumatism." Get Weldon now at A. W. Dows and reliable druggists.—Adv.

Plans for the state convention for Veterans of Foreign Wars were discussed at a recent meeting of Walker-Hogers post. The affair will be held in Springfield June 24 and 25 and it is expected that a large number of the local post will attend. Routine business was transacted and it was voted to invite Dr. Ayres, ranking medical officer at the Groton hospital, to address the post at the next meeting relative to the needs of the soldiers at the hospital. The post also voted to send letters of appreciation to local newspapers for their generous publicity during the past year.

Bank of England Lowers Discount Rate

LONDON, June 15.—(By the Associated Press)—The Bank of England today lowered its discount rate to 3½ per cent, a reduction of ½ per cent from the figure established on May 13 last. The bank again took Lombard street by surprise in making this reduction in the official minimum rate. The action is believed to have been taken largely through a desire to bring the rate more in line with the short loan market, which recently has had large funds unemployed at from one to two per cent while the bank rate stood at 4 per cent. Treasury bills were also available at easier rates, and as conditions in the United States were easier, the retention of so high an official rate here was regarded as unwarranted.

LOWELL DISTRICT COURT

Defendant in Liquor Case is Fined \$100—Other Cases on Today's List

Frank Grenon, who is said to conduct a near-beer saloon at the corner of Cabot and Moody streets, was fined \$100 in district court this morning after being found guilty of keeping liquor. The sum of \$300.

Through his counsel Grenon entered a plea of not guilty and the officers who testified in the case were Sergt. Winn and Officers Conney and Moore. In the course of the trial, counsel for the defendant endeavored to establish the fact that the officers ejected him out of the store before conducting the raid and that he had no authority to do so. In the course of his testimony Officer Conney denied having ejected the men, but stated that he requested them to go out, claiming that they were drunk.

Officer Conney testified to entering Officer Moore's place of business with a search warrant a few weeks ago in company with Sergt. Winn and Officer Moore. He described the store as a near-beer saloon with a bar and said in the rear of the store was a door leading to a small room. This door being kept locked, Grenon was in back of the bar, while three men were standing on the opposite side of the bar. There were two other men standing against the wall in another part of the shop. "As he entered," said the officer, "we saw Grenon pour some liquor out of a half-pint bottle into a glass. As he saw us, he threw the glass into a boiler and placed the bottle in his pocket. I wanted over the bar and Sergt. Winn went to the door leading into the back room. Then Sergt. Winn came behind the bar and he ordered Grenon to produce the liquor. He at first refused, saying it was for his own use and when threatened with arrest he gave me the bottle containing liquor and gave Sergt. Winn an empty bottle, both of which he took out of his pockets. I then got the glass in the boiler."

Officer Conney also testified to seeing Grenon pour liquor into a bottle and when he saw him do so he went to the door leading into the back room. He testified that he saw a man standing near the door of the establishment.

In his cross-examination the officer denied having taken the bottle out of Grenon's pocket and also denied that Officer Winn had placed his hand on the defendant's arm. He also denied ejecting the five men from the store, but said inasmuch as they were drunk he requested them to go out and they did.

Sergt. Winn and Officer Moore corroborated Officer Conney's statement. After Grenon had refused to testify the court found him guilty and imposed a fine of \$100.

Case Continued Again

The continued case of Arthur Nafas, charged with violating the automobile laws by operating an automobile improperly registered and also with operating a car with number plates that belonged to another car, was again called on for trial this morning. The case had been put in the court interrupted the trial and again continued the case until a week from today, at the same time instructing the police to look into the man's license as a chauffeur in order to determine whether or not Nafas is not operating under somebody else's license.

Nafas was arrested by Officer McMahon, who testified to seeing him drive a Hudson automobile through Fletcher street, with number plates that belonged to a Buick machine. He said he arrested the defendant near his home in Adams street as he was sitting in the car. Captain Palmer said he questioned the defendant at the police station and the latter told him he had sold his Hudson automobile and had borrowed the Buick number plates in order to be able to take out the car to show the new owner how to operate it. Nafas denied having made such a statement to Capt. Palmer, saying he did not put the Buick number plates on the Hudson machine and laying the blame on the new owner of the car. At this point Deputy District Attorney produced a letter from the registrar of motor vehicles to the effect that Nafas' license as a chauffeur expired in 1921. Nafas was then asked to produce his license and he did not. The court was not sure that the description on the license tallied with that of Nafas and he therefore ordered a continuance of the case in order to determine whether or not the license was really issued to Nafas.

Note the Bumpers

Charles C. Sullivan, a resident of Fitchburg, who is in search of work, rode the bumper of a Boston & Maine passenger train from Nashua, N. H., to this city last evening and was thrown from the train when it stopped at the local station. He was placed under arrest by a railroad officer and this morning he was charged with evading carfare. He entered a plea of not guilty, but later admitted riding the bumper, but denied jumping off while the train was moving rapidly. "The train was not going any faster than five or six miles an hour when I jumped," he said, "and I was taking no chances whatever." He told a hard luck story of looking for work and said he rode the bumper because he had no money to pay his fare. He wanted to get into Lowell because he felt could secure employment here. Sullivan was given a severe warning by the court and his case was placed on file.

Frank Garland, James Burns and Daniel Boulmer, who are all connected with a battery at Camp Devens, came to the city yesterday evening and while at the city hall were charged with the use of profane language in Middlesex street. They were alleged to have used very profane language, it seems that the young men had imbibed quite a deal and this morning they were charged with drunkenness. They admitted their guilt and were ordered to pay a fine of \$10 each.

Patric J. Conlon, an old-timer, was in court for drunkenness and a former suspended sentence to the state farm was revoked, while the new complaint was placed on file.

Edward G. Gifford, a former employee of the Waldorf system in this city, was charged with the larceny of silverware to the value of \$10 from his employer. He admitted the charge and the court was informed that the goods had been recovered, a fine of \$10 was imposed.

Lewis Allen was arraigned in district court yesterday morning on a charge of carrying a gun with a female child. He denied the guilt, but after hearing the child's testimony, the court found probable cause and held him for the grand jury, his bail being fixed at \$500.

STOCK MARKET

NEW YORK, June 15.—Renewed covering of short contracts was prompted today by the unexpected reduction of the Bank of England discount rate. Studebaker was again the most conspicuous feature, 2000 shares changing hands at an extreme advance of one point. Mexican Petroleum, Coca Cola, Mack Trucks and several of the junior mills, including Republic, Eastern, also strengthened. Mercantile Marine preferred was the only weak issue, making a further decline of 1 1/2 points on the unfavorable outlook for the Shipping trade.

Mercantile Marine preferred, Standard Oil of New Jersey, Studebaker, Crucible, American Car and some of the railroads showed extreme losses of 3 to 7 1/2 points before moderate rallies set in. The closing was heavy.

BOY SCOUT MOVEMENT WILL FILL VACANCIES

Campaign to Raise Money for Scout Work Now in Full Swing.

Atkinson Will Fill Present Vacancies in Police Department

The Boy Scout movement, started in this city several weeks ago, has gained great momentum in the past two weeks according to W. B. Brown, New England scout executive, who has been working here for the past five weeks. The organization is now right in the midst of a drive to raise about \$6000 with which to carry on the scout work among the boys.

After working just a trifle more than a week, a report of the committee was submitted at a recent meeting. It showed that 176 people have subscribed a little more than \$1500. This is very encouraging to the committee. C. D. A. Grasse, president of the Boy Scout organization in this city, is very well pleased with the work of his committee. The average subscription has amounted to about \$10. With the remainder of the month left for the drive, and with only a small part of the population visited, the members are sure the drive will be put over successfully.

The enthusiasm is not confined to any particular quarter, as help has been received from every class of people. While the financial end is the paramount issue at the present time, the work of reorganizing the troops is also meeting with success. A few years ago there were nearly 20 troops of scouts in this city and surrounding towns to which this district belongs. The retirement of the scout master caused the interest to fall off with the result that the organization deteriorated greatly in the past couple of years.

Five weeks ago Mr. Brown came here from Boston with the idea of putting the Boy Scout organization on a firm basis once more. He looks after the executive end as a rule and has had little time to do much in the way of reorganization. When Mr. Brown arrived here there were but three troops remaining, and these were along in a rather haphazard manner. There are seven troops functioning at the present time and all are working toward one end: to perfect a formidable organization in this district. After the finish of the financial drive, an organizer will be sent from Boston and it is expected that many new troops will be formed here.

Ready to Form

There are several churches and organizations desirous of forming troops which are holding off until the financial drive is over. Organizations whose members are too old to belong to the scouts have their chance to do their bit by fostering a troop. The local post of the American Legion is planning such a step and it is expected that this organization will bring a number of new boys to the scout movement. Hanford MacNider, national commander of the Legion, is behind the scout movement and is urging every post in the United States to foster a troop. He made an appeal in a recent issue of the Legion's official organ. The issue in question devoted the entire cover to the scout movement. The cover was given over to a picture of a scout master, who was shown explaining the scout duties to a youth.

Last night Mr. Brown visited Wiggville and organized a troop there at the Primitive Methodist church, of which the Rev. John Singleton is pastor. The troop organized with 21 members and expects to obtain the necessary 11 to round out a full troop. Malcolm F. Prior will have charge of the troop, but owing to his youth, Rev. Mr. Singleton will be registered as scout master.

The Chelmsford committee also reports much progress both financial and in organization lines. This committee is composed of Percy Kimball, Lester P. Alden, Sidney Parham, Garfield A. Davis and Reid I. Ripley, who was at one time scout master in this city.

At the last meeting it was voted to publish the names of those contributing to the fund. The amounts that they contribute are not to be given out. The committee has ordered 500 stickers, which will be placed on autos in and about the city. A few stickers have arrived already and the remainder will be here in a day or two.

Leading Men Approve

In connection with the present Boy Scout drive in Lowell, it is interesting to note the feeling toward this movement by the leading men of the country. The following quotations from the personal statements of men prominent in the eyes of American

The two vacancies in the police department for patrolmen will be filled in the near future, according to a statement made this morning by Supt. of Police Thomas R. Atkinson. The death of Patrolman Goggin and the resignation of Patrolman Tataras, made vacancies in the department during the past week.

According to the usual custom the vacancies on the regular force are filled from the ranks of the supernumeraries. At the present time the supernumeraries feel that there are enough supernumeraries to take over the duties of the two regular patrolmen who dropped from the ranks. However, he has the matter under consideration and will make known his selections as soon as he decides upon the appointments.

Most of the supernumeraries are kept busy all of the time, as there are repeated calls for special officers and places to be filled owing to illness and vacations. During the winter there are many chances which require the services of an officer. While there are not one-half the number of events going on in the warmer months that call for policemen, the vacation period gives the "supers" plenty to do.

Chief Atkinson has sent to the civil service headquarters in Boston for a list of policemen eligible for the rank of captain. From this list, one man will be selected to fill the vacancy made when Mr. Atkinson was elevated to the position as the head of the department. If present plans mature, Lieut. Alexander Duncan will be put in charge of the night desk at the station. As this position calls for an officer with a captain's rank, it is logical to suppose that Mr. Duncan will receive the appointment. Working under this plan, Capt. David Peirce, who has been in charge of the night desk for the past year, will be given charge of the criminal department, according to Chief Atkinson. The chief also stated that he did not contemplate appointing but one captain.

Citizens should be most encouraging to the workers, as well as those who by their gifts make the work possible.

President Harding: I am with the Scout movement heart and soul. It is an organization teaching the spirit of service and honor which we must always have in our citizenship.

Vice President Coolidge: There is a great necessity for teaching the Scout idea, and giving each boy that chance in life which ought to be the heritage of every American.

Woodrow Wilson: I have the most sincere sympathy with the Boy Scout movement. Whenever I see a group of these boys I feel proud of their manliness and cheered by the knowledge of the fine things which the organization represents.

William Howard Taft: The Boy Scout movement has appealed to boys of every land and nation. The recognition of its effectiveness in world wide.

Theodore Roosevelt: The Boy Scout movement is distinctly an asset to our country for the development of efficiency, virility and good citizenship.

Governor Sprague, Pa.: The Boy Scouts of America is, in my mind, one of the finest and most beneficial movements of the kind ever inaugurated, and I cannot speak too highly of the wonderful work performed by the boys during the recent war.

Herbert Hoover: I know of no other form of Americanization that so produces real Americanization.

General Pershing: The Boy Scout movement has my unqualified approval.

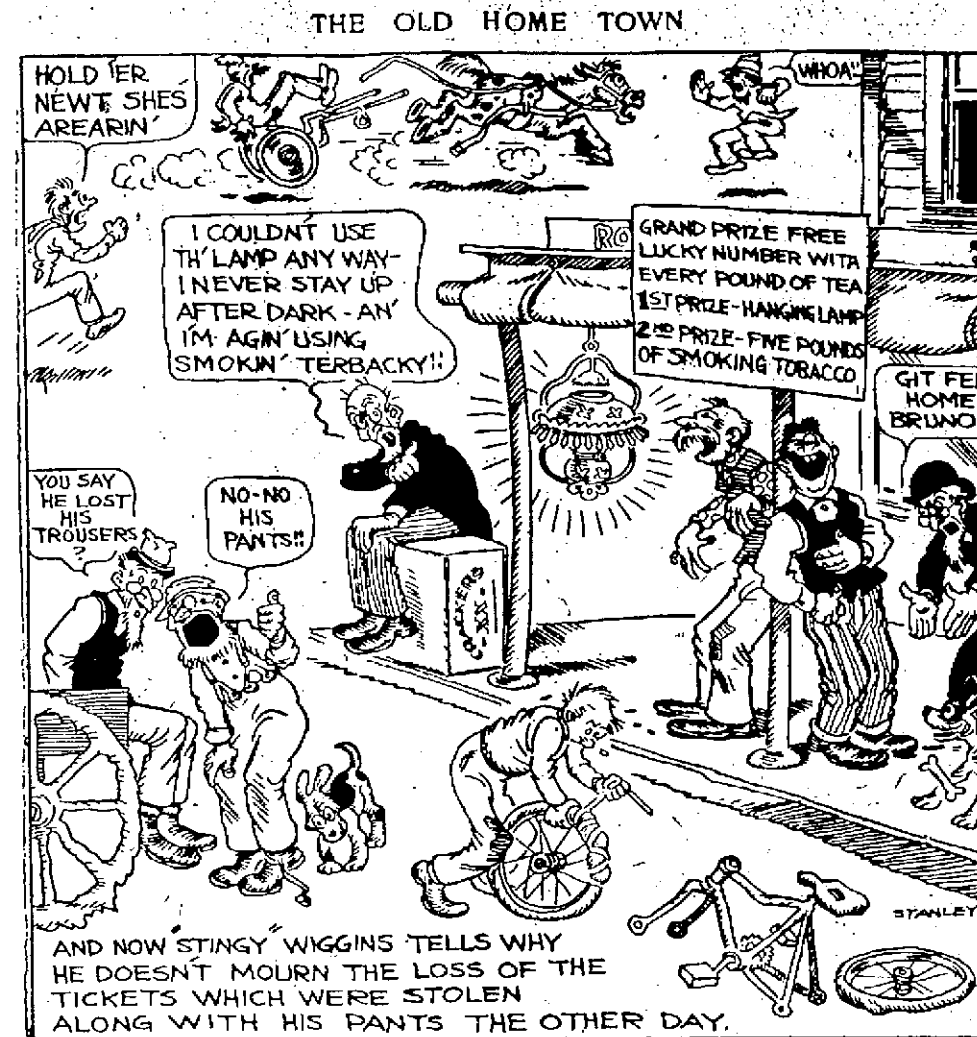

Samuel Gompers: The American Federation of Labor endorsed the Boy Scout movement eight years ago, and I am in hearty accord with the declaration.

UNCLE SAM IS CALLING FLAG DAY OBSERVANCE

Second Installment of Federal Income Tax Assessment is Due Today

Veterans of Three Wars and Members of Auxiliaries Observe Flag Day

The second installment of the federal income tax assessment for the year of 1921 came due today. Those who have neglected to fulfill this obligation to the government had better get busy at once as there is penalty attached for the failure to make the payment. Those who allow the day to close without making the payment will be required to pay the balance of the entire tax and forfeit the privilege of making the payment in quarterly periods. In addition to this, a tax of 5 per cent will be imposed upon the balance due. The local deputies point out that quarterly and semi-annual payments are arranged to aid the taxpayer, but when he enters into such a contract with the government, he must live up to its terms or lose right to the privilege.

According to a report of the local deputies, the payments are not coming in as fast as in former years. This condition may be due to the fact that as many people filed incomes this year as in former years. The local agents have no way of knowing, at the present time, just how many people are living up to their contracts. A number of them mail the payments direct to the main office in Boston. The local men will get a report in a short time as to the number and individuals who fail to make payments.

Another important thing that the deputies wish to call attention to is the syrup manufacturers' tax and all special taxes requiring government stamps. These people have until July 1 to get in under the wire. There are a number of syrup manufacturers in the city who have not yet registered. They must register according to the edict of the government. Failure to do so, means the imposing of a penalty of 25 per cent on the amount of tax due. The local revenue men claim there are a number of people in the city who have not registered. It is these delinquents who are charged. If they are not registered before the first of next month the deputies will go through their lists and take the necessary steps for federal prosecution.

All those who have registered in the past will be required to register again as the federal law requires that this coming registration will apply for the year of 1923.

The special taxes apply to such places as bowling and pool establishments, owners of auto license, and owners of "drugs" dealers, shooting galleries and riding academies.

Those wishing to pay their taxes will find Deputies Russell Harrington, R. H. McKinley and Joseph L. Richardson on duty in the positions from 8 o'clock on Monday mornings. There are generally four deputies on duty, but Deputy Donoghue has obtained a two weeks' leave of absence.

ings and entertainments, which were of great benefit and enjoyment to the members.

Following the reports, Miss Downey announced that the election of representatives on the teachers' council was in order, and the various groups each composed of a hall to select their representatives. It was finally announced that the election had resulted as follows: Masters and principals, Henry H. Harris; kindergarten teachers, Marietta King; continuation teachers, Thomas Ginty; vocational teachers, Miss Esther Downey; high school men teachers, James Shanley; high school women teachers, Loretta MacManon; Miss Emma Bradley; special teachers, Miss Margaret Garvey; primary teachers, Miss Ellen A. Stillings; Miss Carrie Bailey; Miss Fannie Murphy and Miss Katherine Kelly; grammar school teachers, Grace Delany; Kathleen Dineen; Miss Mary E. Donnelly; Miss Anna Cawley and Margaret Fox. These representatives will meet in the high school Monday afternoon to organize and elect officers of the council.

Delicious refreshments were served throughout the social period, with several of the younger teachers engaged in serving.

TEACHERS' ORGANIZATION HOLDS MEETING

Reports of officers, the election of representatives on the teachers' council and a social hour formed the program of a meeting of the Teachers' organization held in high school hall yesterday afternoon at 4:15 o'clock. As the reports and elections were pleasing to all in attendance and the social hour thoroughly enjoyable, the meeting, one of the last of the season, was a decided success. The attendance was greater, possibly, than at any other meeting throughout the school year.

The meeting was called to order by Miss Caroline M. Downey, president of the organization, and the reading of the reports followed. The treasurer, Miss Ella M. Green, reported a very satisfactory report, which showed a marked progress which enthused the members, and Miss Genevieve E. Lawrence, secretary of the teachers' council, offered a splendid report of that body's activities. Miss Downey, in her report as president, reviewed the season's meet-

Veterans of three wars and members of auxiliary bodies look part in exercises in observance of Flag day last night in Memorial hall. Rev. H. B. Mason of Tewksbury delivered an oration to the flag and a number of G.A.R. men spoke of its glorious significance. The patriotic organizations represented included Posts 42, 120 and 188, G.A.R. Women's Relief Corps 33 and 75, G.A.R. Circle, No. 8, the Sons of Veterans and auxiliary, Spanish War Veterans and auxiliary, Veterans of Foreign Wars and auxiliary and the American Legion and its women's auxiliary. The director of the assembly was John Parker of the Sons of Veterans.

Rev. Mr. Mason's address was upon the theme, "The Flag as a Symbol of the Nation." He commented upon the significance of the stripes and stars and traced the history of the flag from the first stars and stripes to the present day. The color-bearers formed in a crescent, the audience stood at attention and sang "America" under the leadership of Mrs. Charles F. Young.

Not a little of the program was given over to music, which included violin solos by Frank Roper and Wynfield O'Neil, with accompaniment by Miss O'Brien. Vocal solos were sung by Mrs. Young, Miss Mary McPartland and Miss Allen. Dances of a military nature were given by Miss Stella P. Miller and the Misses Ethel and Lillian McLaughlin and Miss Helen Shea. Miss Mary McQuade gave a flag dance and Miss Estelle Miller also entertained with her dancing. Readings by Miss Helen Casey and Miss Mary McQuade were greatly enjoyed.

The exercises were brought to a close with the singing of "The Star Spangled Banner" by the assembly.

20,000 SPINDLE MILL AND 50,000 SPINDLE MILL

—AND ALSO SOME COTTON TEXTILE MACHINERY NOT CONNECTED WITH EITHER PLANT AND NOW ENCASED AND READY FOR IMMEDIATE FOREIGN OR DOMESTIC SHIPMENT—ALSO ONE AND ONE-HALF MILLION FEET OF STANDING TIMBER READY FOR IMMEDIATE FELLING AND VERY ACCESSIBLE—AND ALSO EIGHTY-NINE LOTS OF RENTING HOUSE PROPERTY, A WHOLLY SEPARATE AND APART FROM THE MANUFACTURING PLANTS.

The B. B. & R. Knight, Inc. has decided to concentrate and develop all its cotton textile manufacturing within a fewer number of plants and the decision now is to sell—pledged without limit or reserve to the highest bidder—this manufacturing plant and its appurtenant real estate—the Roadville plant in all its manufacturing entirety with its water power privilege on Mother Brook at Hyde Park Massachusetts—as one lot and the Manchester Mills plant in all its manufacturing entirety with its water power privilege (three) on Mumford River at Manchester Massachusetts—as one lot. These two plants are set forth in full detail by picture and plan and word in catalogue form—and like all Knight plants have always been successful. One is a large plant in full operation turning out the finest standard products of the Company and the other is a much smaller plant and was equally successful in turning out a standard but less the product of the Company. Neither of these mills is an experiment—being each a half century of constant and continuous and uninterrupted operation and successful record duplicated outside of this organization. The sale will take place on Tuesday the 27th day of June at 12 o'clock noon each day upon or near the respective premises regardless of any condition of the weather. An illustrated and descriptive catalogue in full detail upon application by mail or otherwise will be sent to the prospective purchaser where all inquiries must be made. ALL FREE FROM INCUMBRANCE.
